

**CHAPTER 313 PROPERTY VALUE LIMITATION  
FINANCIAL IMPACT OF THE PROPOSED RE PALMWOOD,  
LLC PROJECT IN THE IRAAN-SHEFFIELD INDEPENDENT  
SCHOOL DISTRICT**

**PREPARED BY**

**NOVEMBER 3, 2014**

## Executive Summary

RE Palmwood, LLC (Company) has requested that the Iraan-Sheffield Independent School District (I-SISD) consider granting a property value limitation under Chapter 313 of the Tax Code, also known as the Texas Economic Development Act. In an application submitted to I-SISD on July 17, 2014 the Company plans to invest \$285 million to construct a renewable solar electric generation facility. Moak, Casey & Associates (MCA) has been retained to prepare an analysis of this value limitation and help the district navigate the overall application and agreement process.

The RE Palmwood project is consistent with the state's goal to "encourage large scale capital investments in this state." When enacted as House Bill 1200 in 2001, Chapter 313 of the Tax Code granted eligibility to companies engaged in manufacturing, research and development, and renewable electric energy production to apply to school districts for property value limitations. Subsequent legislative changes expanded eligibility to clean coal projects, nuclear power generation and data centers, among others.

Under the provisions of Chapter 313, I-SISD may offer a minimum value limitation of \$25 million. This value limitation, under the proposed application, will begin in the 2016-17 school year and remain at that level of taxable value for Maintenance and Operations (M&O) tax purposes for ten years. The entire project value will remain taxable for I&S or debt service purposes for the term of the agreement and thereafter.

MCA's initial school finance analysis is detailed in this report. The overall conclusions are as follows, but please read all of the subsequent details in the report below for more information.

Total Revenue Loss Payments Owed to I-SISD	\$595,061
Total Savings to Company after Revenue Loss Payment. (This does not include any supplemental benefit payments to the District.)	\$13,743,854

## Application Process

After the school district has submitted an application to the Comptroller's Office (Comptroller), the Comptroller begins reviewing the application for completeness. The purpose of this review is to ensure all necessary information and attachments are included in the application before moving forward with the formal review process. At the time the application is determined complete—typically 4-6 weeks after receipt—the Comptroller will deliver a Completeness Letter to the company and the school district. The Completeness Letter for this project was issued on October 8, 2014.

The issuance of a Completeness Letter is important because it sets the timeline for the rest of process. From the date of issuance, the Comptroller has 90 days to conduct its full

review of the project and provide its certificate for a limitation on appraised value. The Certificate for the project was issued on November 6, 2014. After the certificate is received, the district has until the 150<sup>th</sup> day from the receipt of the Completeness Letter or until December 31<sup>st</sup>, whichever is earlier, to adopt an agreement.

Each value limitation agreement is unique and to ensure the proper revenue-loss protection and maximum supplemental benefits are in place, an understanding of the school district's finances and a thorough knowledge of the Ch. 313 statute are required. MCA and O'Hanlon, McCollom & Demerath will ensure the best interests of I-SISD are secured. After the Comptroller's certificate is received, O'Hanlon, McCollom & Demerath will contact the school district to discuss the value limitation agreement and begin negotiations of the supplemental benefit payment with the Company. A final version of the agreement must be submitted to the Comptroller for review ~~30 days~~ prior to final adoption by the school district's board of trustees.

At the final board meeting, the school board will review the Value Limitation Agreement and Findings of Fact that detail the project's conformance with state law. In some instances, the school board may also be required to adopt a job waiver or create a reinvestment zone during this meeting. Prior to this meeting, O'Hanlon, McCollom & Demerath will provide the district with the necessary agenda language and any additional action items.

## How the 313 Agreement Interacts with Texas School Finance

M&O funding for Texas schools relies on two methods of finance: local school district property taxes and state aid. State aid consists of three components: Tier I, Tier II and additional state aid for tax reduction.

**Tier I** provides state funding based on ADA and special student populations, as well as transportation. The local funds for Tier I are M&O taxes raised at the compressed tax rate—\$1.00 per \$100 of taxable value for most school districts (less any recapture payments owed to the state from high property-wealth school districts).

**Tier II** guarantees a specific amount of funding per student in weighted average daily attendance for each penny of a school district's tax effort above a specified level. There are two levels of Tier II funding – funding under the six so-called golden pennies and the eleven so-called copper pennies. Voter approval is required in most cases to access the last two golden pennies and the eleven copper pennies.

**Additional State Aid for Tax Reduction (ASATR)** guarantees a school district a set amount of state and local M&O funds per student in weighted average daily attendance to compensate for the mandatory reduction in, or compression of, the local M&O tax rate that was adopted in 2005 or 2006. For more detailed information on the school finance funding system, please review the Texas Education Agency's [School Finance 101: Funding of Texas Public Schools](#). For the 2014-15 school year it is estimated that 230 school districts will receive ASATR hold-harmless funding (\$335 million in state funding). ASATR funding is expected to be eliminated by the 2017-18 school year under current law.

For a school district that approves a Chapter 313 value limitation, the first year is often problematic financially. The implementation of the value limitation often results in an M&O revenue loss to the school district in the first year of the limitation that would not be reimbursed by the state, but require some type of compensation from the Company under the revenue protection provisions of the agreement. This is because the general school finance formula system calculates state aid entitlements using the property value for the preceding year as certified by the Comptroller.

School districts that receive ASATR funding may not require as large of a company revenue-loss payment as those districts that are considered to be on "formula". **As ASATR is reduced, more districts will be considered on "formula" and the revenue losses may be greater than anticipated.** I-SISD receives a substantial amount of ASATR funding currently, but appears to be approaching formula status under our baseline estimates. Under the value limitation model for the 2016-17 school year, I-SISD would be expected to receive a \$341,153 boost in ASATR funds, with recapture offsetting much of the \$1.246 million reduction in M&O taxes.

In most instances smaller revenue losses would be anticipated in years 2-10 of the limitation when the state M&O property values are aligned at the minimum value established by the Board on both the local tax roll and the corresponding state property value study. **If the full value of the project increases significantly during the value limitation period, the revenue losses may be greater than originally estimated.** This is illustrated for the 2017-18 school year in the case of the RE Palmwood project, where the project value is expected to double between 2016-17 and 2017-18. The hold-harmless amount discussed below is greater in 2017-18, at least in part because of the expiration of ASATR funding in that year under current law.

A taxpayer receiving a value limitation pays M&O taxes on the reduced value for the project in years 1-10 and receives a tax bill for I&S taxes based on the full project value throughout the qualifying and value limitation period (and thereafter).

Future legislative action on school funding could potentially affect the impact of the value limitation on the school district's finances and result in revenue-loss estimates that differ from the estimates presented in this report.

### Underlying School District Data Assumptions

A key element in any analysis of the school finance implications of a Chapter 313 agreement is the provision for revenue protection in the agreement between the school district and the applicant. The agreement calls for a calculation of the revenue impact of the value limitation in years 1-10 of the agreement, under whatever school finance and property tax laws are in effect in each of those years. This meets the statutory requirement under Section 313.027(f)(1) of the Tax Code to provide school district revenue-protection language in the agreement. This approach also reduces guess work as to future changes in school finance and property tax laws.

The general approach used here to analyze the future revenue stream of the school district under a value limitation is to maintain static enrollment and property values in order to

isolate the effects of the value limitation under the school finance system. ASATR is continued under the current funding elements until the 2017-18 school year.

Student enrollment counts are held constant at 507 students in average daily attendance (ADA) in analyzing the effects of the project on the finances of I-SISD. The District's local tax base reached \$1.994 billion for the 2014 tax year (the most recent year available) and is maintained for the forecast period in order to isolate the effects of the property value limitation. An M&O tax rate of \$1.06 per \$100 is used throughout this analysis. I-SISD has an estimated 2013-14 state property wealth per weighted ADA or WADA of approximately \$1.9 million. As a result, I-SISD is considered a Chapter 41 or recapture district under the school finance system. Table 1 summarizes the enrollment and property value assumptions for the 15 years that are the subject of this analysis. The M&O tax rate for the 2026-27 school year is reduced slightly to \$1.0535 to reflect the impact of the Chapter 313 project value returning to the M&O tax roll in that year.

**Table 1 – Base District Information with RE Palmwood Project Value and Limitation Values**

Year of Agreement	School Year	ADA	WADA	M&O Tax Rate	I&S Tax Rate	CAD Value with Project	CAD Value with Limitation	CPTD with Project	CPTD With Limitation	CPTD Value with Project per WADA	CPTD Value with Limitation per WADA

### M&O Impact of the RE Palmwood Project on I-SISD

School finance models were prepared for I-SISD under the assumptions outlined above through the 2030-31 school year. Under the proposed agreement, a model is established to make a calculation of the "Baseline Revenue Model" by adding the total value of the project to the model, but without assuming that a value limitation is approved. These estimates are detailed in Table 2.

**Table 2- "Baseline Revenue Model"--Project Value Added with No Value Limitation**

Year of Agreement	School Year	M&O Taxes @ Compressed Rate	State Aid	Additional State Aid-Hold Harmless	Recapture Costs	Additional Local M&O Collections	State Aid From Additional M&O Tax Collections	Recapture from the Additional Local Tax Effort	Other State Aid	Total General Fund
Pre-Year 1	2015-16	\$19,615,837	\$191,730	\$798,212	-\$13,813,688	\$1,176,950	\$0	\$0	\$17,584	\$7,986,625
1	2016-17	\$21,035,837	\$191,730	\$385,321	-\$14,820,797	\$1,262,150	\$0	\$0	\$17,584	\$8,071,825
2	2017-18	\$22,460,837	\$191,730	\$0	-\$16,295,326	\$1,347,650	\$0	\$0	\$17,584	\$7,722,474
3	2018-19	\$22,866,300	\$191,730	\$0	-\$17,000,878	\$1,371,978	\$0	\$0	\$17,584	\$7,446,713
4	2019-20	\$22,451,476	\$191,730	\$0	-\$16,799,852	\$1,347,089	\$0	\$0	\$17,584	\$7,208,026
5	2020-21	\$22,093,732	\$191,730	\$0	-\$16,424,862	\$1,325,624	\$0	\$0	\$17,584	\$7,203,807
6	2021-22	\$21,784,762	\$191,730	\$0	-\$16,100,565	\$1,307,086	\$0	\$0	\$17,584	\$7,200,597
7	2022-23	\$21,517,494	\$191,730	\$0	-\$15,819,721	\$1,291,050	\$0	\$0	\$17,584	\$7,198,137
8	2023-24	\$21,285,905	\$191,730	\$0	-\$15,576,140	\$1,277,154	\$0	\$0	\$17,584	\$7,196,232
9	2024-25	\$21,084,864	\$191,730	\$0	-\$15,364,530	\$1,265,092	\$0	\$0	\$17,584	\$7,194,739
10	2025-26	\$20,912,998	\$191,730	\$0	-\$15,182,556	\$1,254,780	\$0	\$0	\$17,584	\$7,194,536
11	2026-27	\$20,749,378	\$191,730	\$0	-\$15,014,645	\$1,244,963	\$0	\$0	\$17,584	\$7,189,009
12	2027-28	\$20,626,940	\$191,730	\$0	-\$14,881,266	\$1,237,616	\$0	\$0	\$17,584	\$7,192,604
13	2028-29	\$20,594,515	\$191,730	\$0	-\$14,821,904	\$1,235,671	\$0	\$0	\$17,584	\$7,217,595
14	2029-30	\$20,563,711	\$191,730	\$0	-\$14,790,041	\$1,233,823	\$0	\$0	\$17,584	\$7,216,807
15	2030-31	\$20,534,447	\$191,730	\$0	-\$14,759,767	\$1,232,067	\$0	\$0	\$17,584	\$7,216,060

Additionally, a separate model is established to make a calculation of the "Value Limitation Revenue Model" by adding the project's limited value of \$25 million to the model. These estimates are detailed in Table 3.

**Table 3- "Value Limitation Revenue Model"--Project Value Added with Value Limit**

Year of Agreement	School Year	M&O Taxes @ Compressed Rate	State Aid	Additional State Aid-Hold Harmless	Recapture Costs	Additional Local M&O Collections	State Aid From Additional M&O Tax Collections	Recapture from the Additional Local Tax Effort	Other State Aid	Total General Fund

15	2030-31	\$20,534,447	\$191,730	\$0	-\$14,759,767	\$1,232,067	\$0	\$0	\$17,584	\$7,216,060

Table 4 displays the results of the comparison between the Baseline Revenue Model and the Value Limitation Revenue Model (Tables 2 and 3). The difference between the two models indicates there will be a total revenue loss of \$595,061. In the first limitation year (2016-17), a revenue loss of \$70,500 is anticipated, reflecting both an ASATR funding increase and a substantial recapture offset. In the 2017-18 school year, the project value is expected to

double and ASATR is scheduled to expire, resulting in an estimated revenue loss of \$524,561. No further revenue losses are anticipated after 2017-18 under the assumptions used here.

**Table 4 – Value Limit less Project Value with No Limit**

Year of Agreement	School Year	M&O Taxes @ Compressed Rate	State Aid	Additional State Aid-Hold Harmless	Recapture Costs	Additional Local M&O Collections	State Aid From Additional M&O Tax Collections	Recapture from the Additional Local Tax Effort	Other State Aid	Total General Fund

***M&O Impact on the Taxpayer***

Table 5 summarizes the impact of the property value limitation in terms of the potential tax savings to the taxpayer under the property value limitation agreement. The focus of this table is on the M&O tax rate only. A \$1.06 per \$100 M&O tax rate is assumed in 2014-15 (the most recent year available) and thereafter.

Under the assumptions used here, the potential tax savings from the value limitation total \$14.3 million over the life of the agreement. The I-SISD revenue losses are expected to total approximately \$595,061 in the first two limitation years under the agreement. In total, the potential net tax benefits (after hold-harmless payments are made) are estimated to reach \$13.7 million. While legislative changes to ASATR funding could increase the hold-harmless amount owed in the initial limitation year, if applicable, there would still be a substantial tax benefit to the Company under the value limitation agreement for the remaining years that the limitation is in effect.

**Table 5 - Estimated Financial Impact of the RE Palmwood Project Property Value Limitation Request Submitted to I-SISD at \$1.0600 M&O Tax Rate**

Year of Agreement	School Year	Project Value	Estimated Taxable Value	Value Savings	Assumed M&O Tax Rate	Taxes Before Value Limit	Taxes after Value Limit	Tax Savings @ Projected M&O Rate	Tax Benefit to Company Before Revenue Protection	School District Revenue Losses	Estimated Net Tax Benefits
Pre-Year 1	2015-16	\$0	\$0	\$0	\$1.060	\$0	\$0	\$0	\$0	\$0	\$0

### I&S Funding Impact on School District

The project remains fully taxable for debt services taxes, with I-SISD currently levying a \$0.11 per \$100 I&S rate. While the value of the RE Palmwood project is expected to depreciate over the life of the agreement and beyond, full access to the additional value is expected to increase the District's projected wealth per ADA to \$3.7 million in the peak year of I&S taxable project value. The addition of the project to the District's local I&S tax base is expected to benefit local taxpayers for the foreseeable future.

The project is not expected to affect I-SISD in terms of enrollment. Continued expansion of the project and related development could result in additional employment in the area and an increase in the school-age population, but this project is unlikely to have much impact on a stand-alone basis.

**Note: School district revenue-loss estimates are subject to change based on numerous factors, including:**

- Legislative and Texas Education Agency administrative changes to the underlying school finance formulas used in these calculations.
- Legislative changes addressing property value appraisals and exemptions.
- Year-to-year appraisals of project values and district taxable values.
- Changes in school district tax rates and student enrollment.
