RE: Amended Application to the O'Donnell Independent School District from Blue Summit Wind, LLC

To the Local Government Assistance & Economic Analysis Division:

Please find attached the amended application from WindTex Energy-Stephens, LLC submitted to the O'Donnell Independent School District. The Applicant has, in the same format, style, and presentation as the Original Application, provided all relevant investment, value, and employment information that is related to the additional property. The additional Qualified Property is eligible property as defined by Tax Code, §313.024; (2) is distinguishable from the property, investment, and employment information in the original Agreement; and (3) is defined to meet the minimum eligibility requirements for the recipient of limited value. Moak Casey & Associates has provided a revised school finance report based upon the new values in the amended application. Please note, based upon the increased size of the project, the Applicant has withdrawn its request for a waiver of the job requirement set forth in Texas Tax Code §313.051(b).

Please also find attached a draft of the amended Agreement that would be presented to the Board of Trustees should your office confirm its original recommendation of the project. I have tracked the changes from the draft of the original agreement approved in 2011.

A paper copy of the application will be hand delivered to your office today. Copies of the information have been forwarded to the Appraisal District.

Sincerely,

Letter to Local Government Assistance & Economic Analysis Division

April 30, 2012
