Gentlemen:

We are pleased to submit the Fiscal 2014 Semi-Annual Report for the Statewide Historically Underutilized Business (HUB) Program.

The HUB program is a component of the Texas Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Texas Government Code §2161.121 requires the program to submit this report, which summarizes and analyzes expenditures made to certified HUBs by state agencies and institutions of higher education from Sept. 1, 2013 through Feb. 28, 2014.

During the first half of fiscal year 2014, approximately 15,400 firms were registered as Texas certified HUBs. Approximately 3,600 of these firms received 12.89 percent, or \$1,008,020,336 of all statewide expenditures.

A comparison between the total HUB expenditures reflected in the fiscal 2013 and 2014 semi-annual tables on page three of the Executive Summary shows the state's total expenditures with HUBs increased 47.29 percent for heavy construction; 19.81 percent for special trade; 5.97 percent for other services; 3.16 percent for commodities industries; and 2.00 percent for building construction. The state's total expenditures with HUBs in professional services decreased 40.49 percent.

The HUB report includes state agency rankings, expenditure data and supplemental reports and letters from various state agencies documenting their continued efforts to educate HUBs about procurement opportunities.

This report is available online at www.cpa.state.tx.us/procurement/prog/hub/hub-reporting/hub-report-FY14. If you have questions or require additional information regarding this report, please contact me at paul.gibson@cpa.state.tx.us or 512-305-9071.

Respectfully,
