**Supplemental Summary Letter for FY2015 Semi-Annual HUB Report for Agency 739**

Texas Tech University Health Sciences Center (TTUHSC) remains committed to supplier diversity because doing business with Historically Underutilized Businesses (HUBs) is more than the right-thing to do, it's the right-way of doing business in the State of Texas. As a healthcare and research institution TTUHSC is challenged to find qualified HUBs to contract with to meet the professional healthcare, laboratory and pharmaceutical needs of the institution. During this reporting period TTUHSC has succeeded in meeting and exceeding the performance goals in all categories of Heavy Construction, Building Construction, Special Trade Construction, Professional Services, Other Services and Commodities. The improvements seen to date are attributed to our on-going HUB program initiatives, training and outreach efforts.
