Instructions

Responsibility for indigent health care services:

1-4. Check one of the boxes numbered 1 through 4 that describes your county.

Final 2015 tax levy information in 2016:

5. Enter the 2015 taxes levied for the general fund as of July 31, 2016. **This is not the amount of taxes collected, but is the actual taxes for the county's general fund (both collected and uncollected).** Include adjustments for late changes to the 2015 tax roll through July 31, 2016. The general fund tax rate is the maintenance and operations (M&O) tax rate.
6. Enter the 2015 taxes levied (both collected and uncollected) for all county property tax funds as of July 31, 2016. These funds include the general fund, the interest and sinking fund, farm-to-market/flood control fund and the special road and bridge fund. Include adjustments for late changes to the 2015 tax roll through July 31, 2016. If your county levies only the general fund tax, then Items 5 and 6 are the same.

For those counties that have adopted the additional county sales tax:

Complete Items 7 through 9 if your county has the additional county sales tax to reduce property taxes.

7. Enter the 2015 taxes levied for the general fund as of July 31, 2016. **This is not the amount of taxes collected, but is the actual taxes for the county's general fund (both collected and uncollected).** Include adjustments for late changes to the 2015 tax roll through July 31, 2016.

8. Enter the county sales tax allocated from the Comptroller's Office for the last four quarters. If you have questions about the allocation, call the Comptroller's Economic Development and Analysis Division at 1-800-531-5441, ext. 3-4679.

9. Add Items 7 and 8 for the total general fund levy.

For those counties with hospital districts that cover only a part of the county:

If you checked Item 4, complete Items 10 through 13.

10. Enter the 2015 taxable value of the general fund as of July 31, 2016. The general fund's taxable value is the value remaining after deducting exemptions.
11. Enter the 2015 taxable value of the hospital district or districts as of July 31, 2016. If your county does not collect for the hospital district(s), contact your appraisal district for the taxable value.
12. Subtract Item 11 from Item 10. Enter the 2015 taxable value in the county that is outside the hospital district(s).
13. Multiply the taxable value outside the hospital district(s) by the county's general fund tax rate, and divide by 100 to determine the 2015 general fund taxes outside the hospital district(s). The general fund tax rate is the maintenance and operations (M&O) tax rate.

The person who is authorized to complete this form should sign it, include title, phone number and date signed. Please return the form to the address shown **by Nov. 14, 2016.**
