Local Government Assistance & Economic Analysis  
Texas Comptroller of Public Accounts  
P.O. Box 13528  
Austin, Texas 78711-3528

RE: Amended Application to the Barbers Hill Independent School District from  
Enterprise Products Operating LLC.

To the Local Government Assistance & Economic Analysis Division:

Enterprise Products Operating LLC ("Enterprise") originally submitted its Application to the Barbers Hill Independent School District on July 10, 2012. The Board voted to accept the application July 16, 2012. The Application was determined complete by the District on July 17, 2012. The Comptroller's Office determined the Application complete as of July 24, 2012. On October 9, 2012, a positive recommendation was made by the Comptroller for the project, and the economic analysis was forwarded to the District. On November 15, 2012, Enterprise notified the District that it was going to submit an amended Application modifying the qualifying time period due to delays in the air permitting process. The District re-determined the Application complete as of November 20, 2012.

It is our understanding of the Comptroller's procedures that a change in qualifying time period invalidates the prior recommendation letter, and a new economic analysis must be completed for the project within 91 days of a re-determination that the amended Application is complete. Please prepare the economic analysis.

Please note, no construction has begun at the project site as of the date of the filing of the application and the District's determination that the application is complete. The Applicant is aware that the determination of a completed application by the Comptroller determines what property may be eligible for a value limitation agreement. The start of construction is awaiting the determination of a completed application by the Comptroller's Office. We are requesting an expedited review of the application, so that the applicant may begin construction at the project site.

Letter to Local Government Assistance & Economic Analysis Division  
November 20, 2012  
Page 2 of 2

There is no existing property for this project. The site selected for the current project (Frac #8) is being used as a construction staging area for other projects at the complex (Not Frac # 8) which includes contractor's offices, warehouses, fencing and parking areas. The Applicant has begun to clear all the existing improvements from the site before Frac # 8 construction commences. The cost associated with these temporary improvements will not be part of the value limitation agreement with the Barbers Hill Independent School District.

New wage information has become available since the original submission of the Application to the District. The school district has determined that the wage information included in the Application represents the most recent wage data available at the time of the Application. The wage the Applicant has committed to paying on this project is well above the required statutory minimums.

A paper copy of the application will be hand delivered to your office later today. In accordance with 34 Tex. Admin Code §9.1054, a copy of the amended Application will be submitted to the Chambers County Appraisal District.

Please feel free to contact me with questions.

Sincerely,

Kevin O'Hanlon  
School District Consultant

# Application for Appraised Value Limitation on Qualified Property

(Tax Code, Chapter 313, Subchapter B or C)

**Form 50-296**  
(Revised May 2010)

**INSTRUCTIONS:** This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.

This notice must include:

- the date on which the school district received the application;
- the date the school district determined that the application was complete;
- the date the school board decided to consider the application; and
- a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

**NOTE:** See 313.021(1) for full definition. Generally, Qualified Investment is the sum of the investment in tangible personal property and buildings and new improvements made between beginning of the qualifying time period (date of application final approval by the school district) and the end of the second complete tax year.

What is the anticipated date of application approval? May 2013

What is the anticipated date of the beginning of the qualifying time period? May 2013

What is the total estimated investment for this project for the period from the time of application submission to the end of the limitation period? 310.5 Million

Describe the qualified investment.[See 313.021(1).]

Attach the following items to this application:

- (1) a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
- (2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your minimum qualified investment and
- (3) a map of the qualified investment showing location of new buildings or new improvements with vicinity map.

Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or 313.053 for rural school districts) for the relevant school district category during the qualifying time period?  Yes  No

Except for new equipment described in Tax Code §151.318(q) or (q-1), is the proposed tangible personal property to be placed in service for the first time:

- (1) in or on the new building or other new improvement for which you are applying?  Yes  No
- (2) if not in or on the new building or other new improvement for which you are applying for an appraised value limitation, is the personal property necessary and ancillary to the business conducted in the new building or other new improvement?  Yes  No
- (3) on the same parcel of land as the building for which you are applying for an appraised value limitation?  Yes  No

("First placed in service" means the first use of the property by the taxpayer.)

Will the investment in real or personal property you propose be counted toward the minimum qualified investment required by Tax Code §313.023, (or 313.053 for rural school districts) be first placed in service in this state during the applicable qualifying time period?  Yes  No

Does the investment in tangible personal property meet the requirements of Tax Code §313.021(1)?  Yes  No

If the proposed investment includes a building or a permanent, non-removable component of a building, does it house tangible personal property?  Yes  No

**QUALIFIED PROPERTY**

Describe the qualified property. [See 313.021(2)] (If qualified investment describes qualified property exactly you may skip items (1), (2) and (3) below.)

Attach the following items to this application:

- (1) a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
- (2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your qualified property and
- (3) a map of the qualified property showing location of new buildings or new improvements – with vicinity map.

**Land**

Is the land on which you propose new construction or improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303?  Yes  No

If you answered "no" to the question above, what is the anticipated date on which you will submit proof of a reinvestment zone with boundaries encompassing the land on which you propose new construction or improvements? \_\_\_\_\_

Will the applicant own the land by the date of agreement execution?  Yes  No

Will the project be on leased land?  Yes  No

**QUALIFIED PROPERTY (CONTINUED)**

If the land upon which the new building or new improvement is to be built is part of the qualified property described by §313.021(2)(A), please attach complete documentation, including:

1. Legal description of the land
2. Each existing appraisal parcel number of the land on which the improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property
3. Owner
4. The current taxable value of the land. Attach estimate if land is part of larger parcel.
5. A detailed map (with a vicinity map) showing the location of the land

Attach a map of the reinvestment zone boundaries, certified to be accurate by either the governmental entity creating the zone, the local appraisal district, or a licensed surveyor. (With vicinity map)

Attach the order, resolution or ordinance establishing the zone, and the guidelines and criteria for creating the zone, if applicable.

**Miscellaneous**

Is the proposed project a building or new improvement to an existing facility?  Yes  No

Attach a description of any existing improvements and include existing appraisal district account numbers.

List current market value of existing property at site as of most recent tax year. 0 (Market Value) 2012 (Tax Year)

Is any of the existing property subject to a value limitation agreement under Tax Code 313?  Yes  No

Will all of the property for which you are requesting an appraised value limitation be free of a tax abatement agreement entered into by a school district for the duration of the limitation?  Yes  No

**WAGE AND EMPLOYMENT INFORMATION**

What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? 0

The last complete calendar quarter before application review start date is the:

First Quarter  Second Quarter  Third Quarter  Fourth Quarter of 2012 (year)

What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the TWC? 3,915

**Note:** For job definitions see TAC §9.1051(14) and Tax Code 313.021(3). If the applicant intends to apply a definition for "new job" other than TAC §9.1051(14)(C), then please provide the definition of "new job" as used in this application. N/A

Total number of new jobs that will have been created when fully operational 4

Do you plan to create at least 25 new jobs (at least 10 new jobs for rural school districts) on the land and in connection with the new building or other improvement?  Yes  No

Do you intend to request that the governing body waive the minimum new job creation requirement, as provided under Tax Code §313.025(f-1)?  Yes  No

If you answered "yes" to the question above, attach evidence documenting that the new job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards. **Note: Even if a minimum new job waiver is provided, 80% of all new jobs must be qualifying jobs pursuant to Texas Tax Code, §313.024(d).**

What is the maximum number of qualifying jobs meeting all criteria of §313.021(3) you are committing to create? 4

If this project creates more than 1,000 new jobs, the minimum required wage for this project is 110% of the average county weekly wage for all jobs as described by 313.021(3)(E)(ii).

If this project creates less than 1,000 new jobs, does this district have territory in a county that meets the demographic characteristics of 313.051(2)? (see table of information showing this district characteristic at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/values.html>)

If yes, the applicant must meet wage standard described in 313.051(b) (110% of the regional average weekly wage for manufacturing)

If no, the applicant shall designate one of the wage standards set out in §§313.021(5)(A) or 313.021(5)(B).

WAGE AND EMPLOYMENT INFORMATION (CONTINUED)

For the following three wage calculations please include on an attachment the four most recent quarters of data for each wage calculation. Show the average and the 110% calculation. Include documentation from TWC Web site. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(7).

110% of the county average weekly wage for all jobs (all industries) in the county is \$1,092.85
110% of the county average weekly wage for manufacturing jobs in the county is \$1,750.10
110% of the county average weekly wage for manufacturing jobs in the region is 1,136.08

Please identify which Tax Code section you are using to estimate the wage standard required for this project:

Sections 313.021(5)(A), (B), (3)(E)(ii), or 313.051(b)?

What is the estimated minimum required annual wage for each qualifying job based on the qualified property? \$59,076.16

What is the estimated minimum required annual wage you are committing to pay for each of the qualifying jobs you create on the qualified property? \$75,500

- Will 80% of all new jobs created by the owner be qualifying jobs as defined by 313.021(3)? Yes No
Will each qualifying job require at least 1,600 of work a year? Yes No
Will any of the qualifying jobs be jobs transferred from one area of the state to another? Yes No
Will any of the qualifying jobs be retained jobs? Yes No
Will any of the qualifying jobs be created to replace a previous employee? Yes No
Will any required qualifying jobs be filled by employees of contractors? Yes No

If yes, what percent?

Does the applicant or contractor of the applicant offer to pay at least 80% of the employee's health insurance premium for each qualifying job? Yes No

Describe each type of benefits to be offered to qualifying jobholders. (Use attachments as necessary.)

Enterprise offers medical & dental insurance, life insurance ,401K saving plan, vacation & holiday pay and educational assistance.

## CONFIDENTIALITY NOTICE

**Property Tax Limitation Agreement Applications**  
**Texas Government Code Chapter 313**  
**Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

All applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the Internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the Internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

**Proposed Project Description**

Enterprise Products Operating LLC ("Enterprise") currently operates the Mont Belvieu Manufacturing Complex. Enterprise proposes to build a new manufacturing NGL fractionator (Frac # 8) in Mont Belvieu, Texas.

**NGL Manufacturing Fractionation Plant**

NGL manufacturing is the process of fractionating raw NGL mix produced by natural gas processing plants into discrete NGL purity components (i.e., ethane, propane, normal butane, iso-butane, and natural gasoline).

**Manufacturing Process**

The manufacturing process is accomplished by applying heat and pressure to the mixture of raw NGL hydrocarbons and separating each discrete product at the different boiling points for each NGL component of the mixture.

The pipeline feed mixture is processed in feed filter, feed coalescer, and amine contractors to remove particulates, sulfides, and carbon dioxide. The Sweetened feed is then dehydrated and fed to the Deethanizer column. The Deethanizer is used to manufacture the feed into two fractions. The overhead vapor fraction consists of ethane and lighter components and is condensed by heat exchange against propylene refrigerant. (Propylene vapor from the Deethanizer condenser is first compressed in a two-stage machine and then is condensed in a wet-surface air cooler. The liquid propylene is then sub-cooled against low – temperature ethane before being fed back to the Deethanizer column condenser as refrigerant.) A portion of the condensed ethane is pumped out of the unit as ethane product to the existing storage facility, and the balance is refluxed back to the column. The Bottom fraction from the column, consisting mainly of propane and heavier components, is fed to the Depropazizer column. Heat for the manufacturing is provided by a number of reboilers, including a hot oil reboiler at the bottom of the column.

The Depropanizer column takes the feed from the Deethanizer bottom and separates it into a propane and lighter fraction, which goes overhead, and a butane and heavier fraction, exits the bottom. Condensing for the column is provided by a heat pump circuit and a we-surface air cooler. The propane heat pump circuit exchanges against the Depropazizer side reboiler and two reboilers attached to the Deethanzier column. The we-surface air cooler is used to sub-cool the condensed propane. Part of the propane is refluxed back to the column and the balance is sent to the existing storage complex as product. Heat for manufacturing is provided by a hot oil reboiler at the bottom of the column.

The stream from the bottom of the Depropanizer is fed to the Debutanizer column, which manufactures it into an overhead stream containing mixed butanes (primarily normal butane and isobutene) and a bottoms gasoline stream which contains pentanes and heavier. Part of the overhead butane stream is refluxed back to the column and the balance is sent to storage tanks as an intermediate feed for other units or as commercial butane product. The bottoms gasoline is routed to existing gasoline treating facilities. Condensing for the Debutanizer is provided by the Deethanizer Upper Side Reboiler, and heat for manufacturing in the Debutanizer is provided by a hot oil reboiler at the bottom of the column.

### **Deisobutanizer Unit**

The deisobutanizer (DIB) unit is used to manufacture isobutene and normal butane from mixed butane streams.

The Butane mixtures arrive at the Mont Belvieu Complex via pipeline and enter the DIB unit from the butamer units, or from the Mont Belvieu Complex storage facility, as commercial butane mixtures. The mixed butanes are routed to the deisobutanizer distillation column, where the manufacturing of isobutene and normal butane is accurs. The overhead vapor stream from the column is isobutene, which is compressed into liquid phase isobutene. The liquefied isobutene product I split into two streams, one providing reflux for the column, and the remaining stream sent to the storage are or delivered to other Enterprise units as feed material.

#### Plant Components

- DeEthanizer column
- DEPropanizer column
- Debutanizer column
- Cooling Towers
- Gas fired regenerant gas heaters
- Gas fired hot oil heaters
- Compression Equipment
- Deisobutanizer column
- Ancillary tanks
- New flare

## Ability to Relocate:

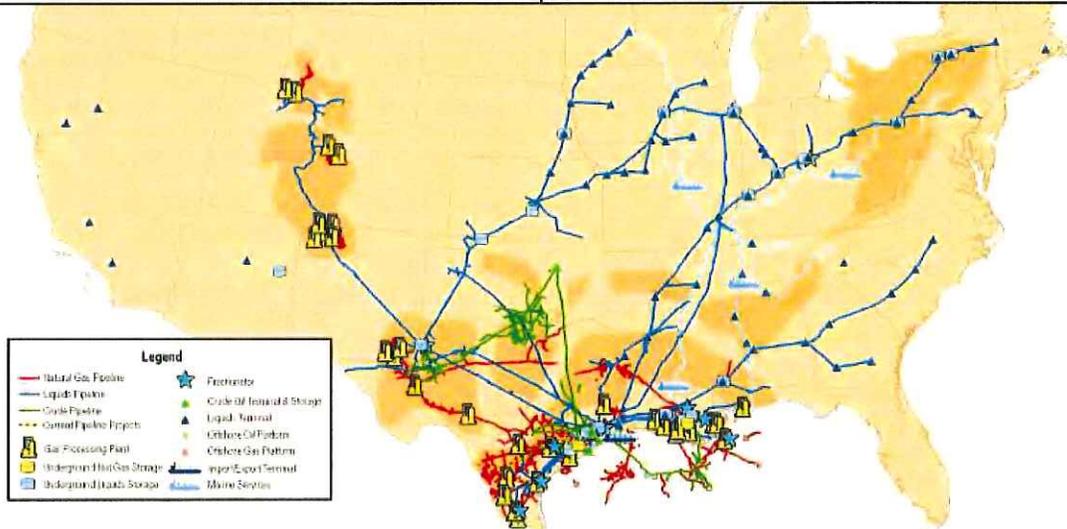

Enterprise is a leading midstream energy company with large pipeline foot print in Louisiana. These pipelines provide substantial flexibility in plant location.

- Enterprise has significant assets in Louisiana including pipes that can and do move product to and from Texas.
- For every significant investment we make, there is a thorough review of the offered tax incentives in the region that helps determine our long term investment approach in a states or location.
- While Louisiana has had very competitive incentives to make big investments in their state, Texas has been equally competitive with the inclusion of the CH313 program.
- As a result, Enterprise has been continually planning adding Billions in investments in Texas to expand our massive infrastructure to support growth in the Texas upstream/downstream oil and gas and petrochemical industry.
- Support for these Texas industries can be managed via pipelines to and processes in neighboring states.
- All things being equal, such a choice would not be Enterprise's first preference but will continue to be part of our business evaluation and decision process.

# EPD Portfolio of Integrated Assets

## Major Asset Overview

- |   |   |
|---|---|
| ● 50,600 miles of natural gas, NGL, crude oil, refined products and petrochemical pipelines             | ● 20 NGL & Propylene fractionators  |
| ● 190 MMBbls of NGL, refined products and crude oil storage, and 14 Bcf of natural gas storage capacity | ● 6 offshore hub platforms  |
| ● 25 natural gas processing plants  | ● NGL import / export terminals   |
|   | ● Butane isomerization complex; octane enhancement facility; high-purity isobutylene facility |

Description of all existing (if any) improvements.

## Description of All Existing Improvements

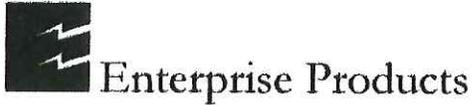

The site selected for Frac # 8 is currently being used as a construction staging area for other projects at complex (Not Frac # 8) which includes contractor's offices, warehouses, fencing and parking areas. Enterprise will clear all the existing improvements from the site before Frac # 8 construction commences. The cost associated with these temporary improvements will not be part of our value limitation agreement with the Barbers Hill School District. Please note this picture also shows our Frac # 6 which is still under construction. The Frac # 6 application was approved in December 2011.

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.021(1)(A)-(D).

For the purposes of investment, please list amount invested each year, not cumulative totals.

For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property.

Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).

Column D: For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings.

Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value-for planning, construction and operation of the facility.

The most significant example for many projects would be land. Other examples may be items such as professional services, etc.

Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed.

This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

Order, Resolution, or Ordinance Establishing the Zone

ORDINANCE 2009-017

AN ORDINANCE OF THE CITY OF MONT BELVIEU, TEXAS DESIGNATING A REINVESTMENT ZONE FOR PURPOSES OF TAX ABATEMENT FOR THE TAX ABATEMENT APPLICATION SUBMITTED BY ENTERPRISE PRODUCTS OPERATING LLC ON MAY 21, 2009.

WHEREAS, the City Council of Mont Belvieu (the "City") desires to make available tax abatement relief in the area which is the subject of this ordinance in order to encourage the development of primary employment and to attract major investment; and,

WHEREAS, the City has elected to become eligible to participate in tax abatement under the provisions of the Property Development and Tax Abatement Act, Tex. Tax Code Chapter 312, Subchapter B; and,

WHEREAS, the City has adopted guidelines and criteria governing tax abatement agreements in Ordinance 2009-002; and,

WHEREAS, the City has received an application for tax abatement by Enterprise Products Operating LLC on May 21, 2009; and,

WHEREAS, a public hearing is required by Chapter 312 of the Texas Tax Code prior to approval of a reinvestment zone; and

WHEREAS, the City published notice of a public hearing to be held on June 22, 2009 regarding the designation of the area described in the attached Exhibit 1 as a reinvestment zone for tax abatement purposes;

WHEREAS, all interested members of the public were given an opportunity to make comment at the public hearing

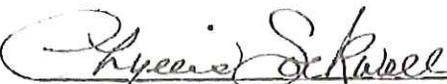

THEREFORE, BE IT ORDAINED  
BY THE CITY COUNCIL OF MONT BELVIEU, TEXAS:

1. A reinvestment zone for the purposes of Chapter 312 of the Texas Tax Code is hereby established for the property shown on the attached Exhibit 1.

Passed and Approved this 22<sup>nd</sup> day of June, 2009.

Guidelines and Criteria for Reinvestment Zone

ORDINANCE NO. 2009 002

**AN ORDINANCE MAKING CERTAIN FINDINGS, OF FACT, ADOPTING GUIDELINES AND CRITERIA FOR TAX ABATEMENT AGREEMENTS, AND PROVIDING FOR A TAX ABATEMENT AGREEMENT WHICH WOULD PERMIT TAX ABATEMENT BY OTHER TAXING ENTITIES TO THE EXCLUSION OF THE CITY OF MONT BELVIEU IN ACCORDANCE WITH CHAPTER 312 OF THE TEXAS TAX CODE.**

**WHEREAS**, pursuant to Chapter 312 of the Texas Tax Code, certain guidelines and criteria are necessary prior to the creation of a reinvestment zone or entering into a tax abatement agreement, and

**WHEREAS**, the City Council of the City of Mont Belvieu finds and determines that the guidelines and criteria as hereinafter set out are in the best interest of the City of Mont Belvieu to encourage certain types of development to the exclusion of others, and

**WHEREAS**, the City Council of the City of Mont Belvieu reaffirms its absolute discretion to approve and/or reject any applicant for tax abatement, whether or not an application meets the guidelines as herein stated, and

**WHEREAS**, the City Council of the City of Mont Belvieu finds and determines that it should consider applications for tax abatement and enter into tax abatement agreements which provide for abatements under criteria established by other taxing entities without city participation;

**NOW, THEREFORE,  
BE IT ORDAINED BY THE CITY COUNCIL  
OF THE CITY OF MONT BELVIEU, TEXAS:**

**Section 1.**

That pursuant to the provisions to the provisions of Section 312.002(d) of the Texas Tax Code, the City of Mont Belvieu does hereby adopt the following guidelines

and criteria for the City of Mont Belvieu to consider and/or to enter into a tax abatement agreement:

**Section 2.**

The property subject to the abatement must be located within the city limits of the City of Mont Belvieu.

Eligible businesses shall include any business duly authorized to operate in the State of Texas.

**Section 3.**

Eligible activities in which an abatement may be granted shall include the lesser of either the additional assessed value over the base year value or actual investment resulting from construction of acquisition of fixed assets.

**Section 4.**

The abatement formula that may be permitted in any abatement agreement shall be:

- 1) Abatement shall not exceed five (5) years, beginning on January 1st after the signing of the tax abatement agreement.
- 2) Years one (1) two (2) and three (3) will be one hundred percent (100%) abatement.
- 3) Year four (4) will be seventy five percent (75%) abatement.
- 4) Year five (5) will be at fifty (50%) abatement.
- 5) Year six (6) the abatement expires and all taxes are paid.

**Section 5.**

The City may consider an application for abatement when entering into a tax abatement agreement which provides for no abatement to be granted by the City, but which provides for an abatement to be granted by other taxing entities to the extent of the limitations provided under their guidelines and criteria.

PASSED and APPROVED on this, the 23<sup>rd</sup> day of February, 2009.
