RE: Application to the Brazosport Independent School District from Freeport LNG
Development, L. P.

To the Local Government Assistance & Economic Analysis Division:

In response to the request for further information, the company has prepared a supplemented application for project #245, Brazosport ISD-Freeport LNG. Page 5 and Page 8 of the Application have been updated. The company has also modified Schedule D to outline the details of the abatements from other taxing entities. The affiliate explanation found at Attachment 3 has been slightly modified.

Due to the size of the file, an electronic copy is not attached. We will hand deliver a copy to your office. Please feel free to contact me with questions.

Sincerely,

Kevin O'Hanlon
School District Consultant

**CHAPTER 313 APPLICATION
FOR APPRAISED VALUE LIMITATION
TO BRAZOSPORT I.S.D.**

APPLICATION II

**CHAPTER 313 APPLICATION
FOR APPRAISED VALUE LIMITATION
TO BRAZOSPORT I.S.D.**

APPLICATION II

August 31, 2012

Application for Appraised Value Limitation on Qualified Property
(Tax Code, Chapter 313, Subchapter B or C)

Form 50-296
(Revised May 2010)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.
This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

FEES AND PAYMENTS

Enclosed is proof of application fee paid to the school district.

For the purpose of this question, "payments to the school district" include any and all payments or transfers of things of value made to the school district or to any person or persons in any form if such payment or transfer of thing of value being provided is in recognition of, anticipation of, or consideration for the agreement for limitation on appraised value.

Please answer only either A OR B:

A. Will any "payments to the school district" that you may make in order to receive a property tax value limitation agreement result in payments that are not in compliance with Tax Code, 313.027(i)?

B. If "payments to the school district" will only be determined by a formula or methodology without a specific amount being specified, could such method result in "payments to the school district" that are not in compliance with Tax Code §313.027(i)?

INVESTMENT

NOTE: The minimum amount of qualified investment required to qualify for an appraised value limitation and the minimum amount of appraised value limitation vary depending on whether the school district is classified as rural, and the taxable value of the property within the school district. For assistance in determining estimates of these minimums, access the Comptroller's Web site at www.window.state.tx.us/taxinfo/proptax/hb1200/values.html.

At the time of application, what is the estimated minimum qualified investment required for this school district? \$30,000,000

What is the amount of appraised value limitation for which you are applying? \$30,000,000

What is your total estimated qualified investment? \$1,300,000,000

NOTE: See 313.021(1) for full definition. Generally, Qualified Investment is the sum of the investment in tangible personal property and buildings and new improvements made between beginning of the qualifying time period (date of application final approval by the school district) and the end of the second complete tax year.

What is the anticipated date of application approval? December 4, 2012

What is the anticipated date of the beginning of the qualifying time period? January 2, 2016

What is the total estimated investment for this project for the period from the time of application submission to the end of the limitation period? \$1,800,000,000

Describe the qualified investment.[See 313.021(1).]

Attach the following items to this application:

- (1) a specific and detailed description of the qualified investment you propose to make on the property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
(2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your minimum qualified investment and
(3) a map of the qualified investment showing location of new buildings or new improvements with vicinity map.

Do you intend to make at least the minimum qualified investment required by Tax Code §313.023 (or 313.053 for rural school districts) for the relevant school district category during the qualifying time period? [X] Yes [] No

Except for new equipment described in Tax Code §151.318(q) or (q-1), is the proposed tangible personal property to be placed in service for the first time:

- (1) in or on the new building or other new improvement for which you are applying? [X] Yes [] No
(2) if not in or on the new building or other new improvement for which you are applying for an appraised value limitation, is the personal property necessary and ancillary to the business conducted in the new building or other new improvement? [X] Yes [] No
(3) on the same parcel of land as the building for which you are applying for an appraised value limitation? [X] Yes [] No

("First placed in service" means the first use of the property by the taxpayer.)

Will the investment in real or personal property you propose be counted toward the minimum qualified investment required by Tax Code §313.023, (or 313.053 for rural school districts) be first placed in service in this state during the applicable qualifying time period? [X] Yes [] No

Does the investment in tangible personal property meet the requirements of Tax Code §313.021(1)? [X] Yes [] No

If the proposed investment includes a building or a permanent, non-removable component of a building, does it house tangible personal property? [X] Yes [] No

QUALIFIED PROPERTY

Describe the qualified property. [See 313.021(2)] (If qualified investment describes qualified property exactly you may skip items (1), (2) and (3) below.)

Attach the following items to this application:

- (1) a specific and detailed description of the qualified property for which you are requesting an appraised value limitation as defined by Tax Code §313.021,
(2) a description of any new buildings, proposed improvements or personal property which you intend to include as part of your qualified property and
(3) a map of the qualified property showing location of new buildings or new improvements – with vicinity map.

Land

Is the land on which you propose new construction or improvements currently located in an area designated as a reinvestment zone under Tax Code Chapter 311 or 312 or as an enterprise zone under Government Code Chapter 2303? [X] Yes [] No

If you answered "no" to the question above, what is the anticipated date on which you will submit proof of a reinvestment zone with boundaries encompassing the land on which you propose new construction or improvements?

Will the applicant own the land by the date of agreement execution? [X] Yes [] No

Will the project be on leased land? [X] Yes [] No

All new property on Quintana Island is located on land leased from Port Freeport. The proposed new pipelines, with the minor exception of the segments at the Pre-Treatment Facility (PTF), are located on land leased from multiple owners. The PTF is to be located on land owned by Freeport LNG.

QUALIFIED PROPERTY (CONTINUED)

If the land upon which the new building or new improvement is to be built is part of the qualified property described by §313.021(2)(A), please attach complete documentation, including:

1. Legal description of the land
2. Each existing appraisal parcel number of the land on which the improvements will be constructed, regardless of whether or not all of the land described in the current parcel will become qualified property
3. Owner
4. The current taxable value of the land. Attach estimate if land is part of larger parcel.
5. A detailed map (with a vicinity map) showing the location of the land

Attach a map of the reinvestment zone boundaries, certified to be accurate by either the governmental entity creating the zone, the local appraisal district, or a licensed surveyor. (With vicinity map)

Attach the order, resolution or ordinance establishing the zone, and the guidelines and criteria for creating the zone, if applicable.

Miscellaneous

Is the proposed project a building or new improvement to an existing facility? Yes No

Attach a description of any existing improvements and include existing appraisal district account numbers.

List current market value of existing property at site as of most recent tax year. See Attachment 12 2012
(Market Value) (Tax Year)

Is any of the existing property subject to a value limitation agreement under Tax Code 313? Yes No

Will all of the property for which you are requesting an appraised value limitation be free of a tax abatement agreement entered into by a school district for the duration of the limitation? Yes No

WAGE AND EMPLOYMENT INFORMATION

What is the estimated number of permanent jobs (more than 1,600 hours a year), with the applicant or a contractor of the applicant, on the proposed qualified property during the last complete quarter before the application review start date (date your application is finally determined to be complete)? 65

The last complete calendar quarter before application review start date is the:

First Quarter Second Quarter Third Quarter Fourth Quarter of 2012
(year)

What were the number of permanent jobs (more than 1,600 hours a year) this applicant had in Texas during the most recent quarter reported to the TWC? 95

Note: For job definitions see TAC §9.1051(14) and Tax Code 313.021(3). If the applicant intends to apply a definition for "new job" other than TAC §9.1051(14)(C), then please provide the definition of "new job" as used in this application. Not applicable

Total number of new jobs that will have been created when fully operational 52 **In addition to the 95 jobs above**

Do you plan to create at least 25 new jobs (at least 10 new jobs for rural school districts) on the land and in connection with the new building or other improvement? Yes No

Do you intend to request that the governing body waive the minimum new job creation requirement, as provided under Tax Code §313.025(f-1)? Yes No

If you answered "yes" to the question above, attach evidence documenting that the new job creation requirement above exceeds the number of employees necessary for the operation, according to industry standards. **Note: Even if a minimum new job waiver is provided, 80% of all new jobs must be qualifying jobs pursuant to Texas Tax Code, §313.024(d).**

What is the maximum number of qualifying jobs meeting all criteria of §313.021(3) you are committing to create? 42

If this project creates more than 1,000 new jobs, the minimum required wage for this project is 110% of the average county weekly wage for all jobs as described by 313.021(3)(E)(ii).

If this project creates less than 1,000 new jobs, does this district have territory in a county that meets the demographic characteristics of 313.051(2)? (see table of information showing this district characteristic at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/values.html>)

If yes, the applicant must meet wage standard described in 313.051(b) (110% of the regional average weekly wage for manufacturing)

If no, the applicant shall designate one of the wage standards set out in §§313.021(5)(A) or 313.021(5)(B).

WAGE AND EMPLOYMENT INFORMATION (CONTINUED)

For the following three wage calculations please include on an attachment the four most recent quarters of data for each wage calculation. Show the average and the 110% calculation. Include documentation from TWC Web site. The final actual statutory minimum annual wage requirement for the applicant for each qualifying job — which may differ slightly from this estimate — will be based on information from the four quarterly periods for which data were available at the time of the application review start date (date of a completed application). See TAC §9.1051(7).

110% of the county average weekly wage for all jobs (all industries) in the county is \$1,044

110% of the county average weekly wage for manufacturing jobs in the county is \$1,934

110% of the county average weekly wage for manufacturing jobs in the region is \$1,136

Please identify which Tax Code section you are using to estimate the wage standard required for this project:

ECONOMIC IMPACT

Is an Economic Impact Analysis attached (If supplied by other than the Comptroller's office)? Yes No

Is Schedule A completed and signed for all years and attached? Yes No

Is Schedule B completed and signed for all years and attached? Yes No

Is Schedule C (Application) completed and signed for all years and attached? Yes No

Is Schedule D completed and signed for all years and attached? Yes No

Note: Excel spreadsheet versions of schedules are available for download and printing at URL listed below.

If there are any other payments made in the state or economic information that you believe should be included in the economic analysis, please attach a separate schedule showing the amount for each year affected, including an explanation.

CONFIDENTIALITY NOTICE

**Property Tax Limitation Agreement Applications
Texas Government Code Chapter 313
Confidential Information Submitted to the Comptroller**

Generally, an application for property tax value limitation, the information provided therein, and documents submitted in support thereof, are considered public information subject to release under the Texas Public Information Act.

There is an exception, outlined below, by which information will be withheld from disclosure.

The Comptroller's office will withhold information from public release if:

- 1) it describes the specific processes or business activities to be conducted or the specific tangible personal property to be located on real property covered by the application;
- 2) the information has been segregated in the application from other information in the application; and
- 3) the party requesting confidentiality provides the Comptroller's office a list of the documents for which confidentiality is sought and for each document lists the specific reasons, including any relevant legal authority, stating why the material is believed to be confidential.

All applications and parts of applications which are not segregated and marked as confidential as outlined above will be considered public information and will be posted on the internet.

Such information properly identified as confidential will be withheld from public release unless and until the governing body of the school district acts on the application, or we are directed to do so by a ruling from the Attorney General.

Other information in the custody of a school district or the comptroller submitted in connection with the application, including information related to the economic impact of a project or the essential elements of eligibility under Texas Tax Code, Chapter 313, such as

the nature and amount of the projected investment, employment, wages, and benefits, will not be considered confidential business information and will be posted on the internet.

All documents submitted to the Comptroller, as well as all information in the application once the school district acts thereon, are subject to public release unless specific parts of the application or documents submitted with the application are identified as confidential. Any person seeking to limit disclosure of such submitted records is advised to consult with their legal counsel regarding disclosure issues and also to take the appropriate precautions to safeguard copyrighted material, trade secrets, or any other proprietary information. The Comptroller assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by respondents. A person seeking to limit disclosure of information must submit in writing specific detailed reasons, including any relevant legal authority, stating why that person believes the material to be confidential.

The following outlines how the Comptroller's office will handle requests for information submitted under the Texas Public Information Act for application portions and submitted records appropriately identified as confidential.

- This office shall forward the request for records and a copy of the documents at issue to the Texas Attorney General's office for an opinion on whether such information may be withheld from disclosure under the Texas Public Information Act.
- The Comptroller will notify the person who submitted the application/documents when the information is forwarded to the Attorney General's office.
- Please be aware that this Office is obligated to comply with an Attorney General's decision, including release of information ruled public even if it was marked confidential.

Schedule A (Rev. Jan. 2010): Investment

PROPERTY INVESTMENT AMOUNTS

(Estimated Investment in each year. Do not put cumulative totals.)

		Year	School Year (YYYY-YYYY)	Tax Year (Fill in actual tax year below) YYYY	Column A: Tangible Personal Property The amount of new investment (original cost) placed in service during this year	Column B: Building or Permanent Nonremovable Component of Building (annual amount only)	Column C: Sum of A and B Qualifying Investment (during the qualifying time period)	Column D: Other investment that is not qualified investment but investment affecting economic impact and total value	Column E: Total Investment (A+B+D)
The year preceding the first complete tax year of the qualifying time period (assuming no deferrals)	Investment made before filing complete application with district (neither qualified property nor eligible to become qualified investment)						X		
	Investment made after filing complete application with district, but before final board approval of application (eligible to become qualified property)								
	Investment made after final board approval of application and before Jan. 1 of first complete tax year of qualifying time period (qualified investment and eligible to become qualified property)

Schedules A through D are in the Excel file and shown separately as Attachments 17 - 20

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment- as defined in Tax Code §313.021(1)(A)-(D). For the purposes of investment, please list amount invested each year, not cumulative totals. [For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property]. Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period.

Column B: The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E). For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings.

Column D: Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value – for planning, construction and operation of the facility. The most significant example for many projects would be land. Other examples may be items such as professional services, etc. Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed.

This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

Re: Freeport LNG Development, LP – Chapter 313 Applications to Brazosport ISD

Dear Mr. Wood,

As you are aware, Attachment 3 of the subject applications requires documentation of Combined Group membership under Texas Tax Code 171.0001(7) for applicant members. Accordingly, we have attached the most recent 2012 filing of Freeport LNG Development, LP's Texas Franchise Tax Extension Affiliate List.

Please note that recently created entities, which are affiliates and parties to this application, are not on this list as of yet. However, these new Texas legal entities will become part of this combined group in the next regular filing. The new entities are:

FLNG Liquefaction 2, LLC, Texas Tax ID # 32048303864
FLNG Liquefaction 3, LLC, Texas Tax ID # 32048642410
FLIQ Common Facilities, LLC, Texas Tax ID # 32048786746

Please contact me should you have any questions.

Sincerely,

J. Weston Jackson

Statement Attached to Freeport LNG Expansion, L.P.'s Texas Franchise No Tax Due Report

Freeport LNG Expansion, L.P. ("FLEX") (Taxpayer ID: 32035280026) is filing a Texas Franchise No Tax Due Report due to its classification as a passive entity. Initially, it was believed that FLEX was not a passive entity and was required to file as part of a combined report for Freeport LNG Development, L.P. ("Development") (Taxpayer ID: 12700304111). Development timely filed a Texas extension including FLEX as part of the extension. However, it was later determined that FLEX is a passive entity for the 2012 report year, and is ineligible to file as part of a combined group.

We respectfully request that the extension period for FLEX be recognized. A copy of the extension affiliate list is included for your reference.

**DETAILED PROJECT DESCRIPTION – Freeport LNG Liquefaction Project
Exhibit #4 to the BISD Ch 313 Application for Limitation of Appraised Value**

- (1) As nations increasingly search for alternative sources of energy besides oil and coal for power generation and other applications, demand for LNG will continue to grow. The U.S. has an opportunity to expand its participation in the global market for natural gas, as the country's more than 100 years of reserves are well positioned to contribute to meeting this growing demand. Freeport LNG's production and export of LNG represents a long-term economic stimulus to the nation's natural gas-producing regions, including Texas and the entire Gulf Coast. Freeport LNG's proposed liquefaction facility and export terminal will take advantage of the huge natural gas reserves that have been unlocked in recent years to provide substantial job creation and economic stimulus to the U.S. at large. New natural gas production and export of LNG represents a long-term economic lift to the nation's natural gas-producing regions and the overall U.S. economy.

Freeport LNG is proposing to add natural gas liquefaction infrastructure at and near the existing terminal to provide export capacity of approximately 4.4 million metric tonnes per annum (mtpa) of LNG per liquefaction train, which equates to processing approximately 670 MMcf/d of pipeline-quality natural gas (feed gas). Described and quantified in this application, the second phase of the project, projected to be in full operations in the third quarter of 2018, will include one liquefaction train capable of producing an export capacity of up to 4.4 mtpa, associated pretreatment system facilities for that train and one marine berthing dock.

The feed gas will be derived from interconnecting intrastate systems through Freeport LNG's existing Stratton Ridge meter station. The gas will be pretreated along Freeport LNG's existing 42" gas pipeline, about halfway between Freeport LNG's existing facilities on Quintana Island and Freeport LNG's existing metering, compression and underground storage facilities. The pretreated natural gas will then be delivered to the terminal through Freeport LNG's existing 42" gas pipeline. At the terminal, it will be liquefied and then stored in full-containment LNG storage tanks. LNG will be exported from the terminal by LNG carriers arriving via marine transit through the Freeport Harbor Channel.

The added liquefaction capability will not preclude the terminal from operating in vaporization and send-out mode as business conditions dictate. Also, having dual liquefaction and regasification capabilities will not result in any increase in the number of ship transits since the total amount of LNG handled, either by liquefying natural gas or by vaporizing LNG, will not exceed thresholds authorized under the FERC order approving the Phase II regas project.

- (2) A Chapter 313 Value Limitation Agreement is requested on all the proposed new improvements and fixed equipment associated with this project as described below.

Application II

The proposed project primarily consists of property classified by Brazoria CAD as real estate improvements including, but not limiting to, three large refrigerant compressors, one main cryogenic heat exchanger, eight refrigerant vaporizers, two liquid turbines, 250+ fin fan air coolers, multiple heat exchangers and tower reboilers, multiple vessels, numerous compressors, various pumps, a marine loading terminal and all associated buildings and office expansions. Also included, but not limited to, are all of the associated concrete foundations, pipe supports, piping, instrumentation, power feeds, control loops, safety systems, fire water protection, insulation, and utilities necessary to connect the new facilities to the existing terminal and to safely operate the new equipment.

ATTACHMENT 4A

Freeport LNG ("FLNG") is keen to invest in LNG liquefaction and export facilities at its Quintana Island terminal because of its pre-existing assets there that would enable such an investment and the generally favorable business environment in Brazoria County and Texas. However, there are no other fundamental advantages to the location and FLNG could seek to invest in such facilities elsewhere. The three existing LNG terminals in Louisiana, which are similar to FLNG's, are all considering developing liquefaction and export facilities and would enjoy that state's 100% across-the-board 10-year industrial tax abatement. Those facilities enjoy a shipping advantage because they are somewhat closer to both the Atlantic and Pacific Basin markets (the latter, through the expanded Panama Canal, being the world's fastest growing energy markets). FLNG could partner with the owners of one of those terminals to co-develop new facilities with them on their site. Alternatively, FLNG is aware of several completely undeveloped greenfield sites along the Texas and Louisiana coasts that could be suitable for LNG liquefaction and export facilities. FLNG could seek to acquire and develop on those sites. In any case, competition to develop new LNG liquefaction and export facilities is likely to be intense, especially in light of well advanced plans to do so in Australia, Russia, Africa and the Middle East. To maximize its competitiveness, FLNG has selected the most energy-efficient liquefaction technology available, would leverage off its pre-existing assets to the greatest extent practicable, and would endeavor to economize on operations and maintenance costs as much as possible. Any economic development incentives received from Brazosport ISD or other Brazoria County jurisdictions would facilitate FLNG's competitiveness in this global marketplace and could be decisive towards the success of this project. A successful project development on Quintana Island would benefit not just FLNG but the entire Brazoria County economy and the Texas natural gas market, which would deliver very substantial quantities to the new facilities for decades to come.

ATTACHMENT 5

The project is located in the following taxing jurisdictions:

- Brazoria County (100%)
- Brazosport ISD (100%)
- Velasco Drainage District (100%)
- Port Freeport (100%)
- Brazosport College District (100%)

DESCRIPTION OF EXISTING IMPROVEMENTS

- Phase I was completed and came fully online in 2008. The existing Phase I regasification terminal is designed to vaporize and achieve a peak send-out capacity of ~2.0 Bcf per day.
- Phase I includes two full-containment, 160,000 cubic meter LNG storage tanks, one piled marine dock, capable of handling LNG vessels in excess of 200,000 cubic meters, associated double-walled vacuum insulated transfer pipelines, a Boil Off Gas Re-liquefaction unit, an approximately ten mile, 42" natural gas pipeline from the existing terminal to Stratton Ridge, an office building, a control room, a warehouse, an analyzer, shop buildings, a VE Warming Tower, fencing and roads.
- Phase I includes seven vaporization trains and associated equipment, eight water glycol heaters, a water glycol tank, pumps, a drain drum and sump, eight intermediate exchangers and fuel gas heaters.
- All land is leased from Port Freeport on Quintana Island.
- Please see the attached Brazoria County Appraisal District account numbers and the 2011 certified values.

Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

Column A: This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.021(1)(A)-(D). For the purposes of investment, please list amount invested each year, not cumulative totals.

Column B: Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period. The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.021(1)(E).

Column C: For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property. For the years outside the qualifying time period, this number should simply represent the planned investment in buildings or nonremovable components of buildings. Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value-for planning, construction and operation of the facility. The most significant example for many projects would be land. Other examples may be items such as professional services, etc.

Column D: Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Column E: Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed. This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

THE SPECIAL COMMISSIONERS COURT SESSION OF BRAZORIA COUNTY, TEXAS

ORDER NO. VIII.B.1.c.

**RE: Freeport LNG Development, LP Tax Abatement application: Order granting
Tax Abatement**

That the application for tax abatement of Freeport LNG Development, LP attached hereto be granted in accordance with the Guidelines and Criteria for Granting Tax Abatement in a Reinvestment Zone created in Brazoria County for a term of seven (7) years, and at 100% abatement of eligible properties;

It is further determined that the abatement period would better benefit the County and the Applicant by deferring the commencement date effective January 1, 2012;

It is further that the County Judge is authorized to execute a tax abatement with Freeport LNG Development, LP in accordance with the same guidelines and criteria.

Date: 7/24/2012

THE SPECIAL COMMISSIONERS COURT SESSION OF BRAZORIA COUNTY, TEXAS

ORDER NO. VII.B.2.c.

RE: Designation of Freeport LNG Development LP Reinvestment Zone No. 3

Whereas, a request has been received by Brazoria County for the Designation of Freeport LNG Development LP Reinvestment Zone No. 3 which is more particularly identified in the attached Exhibit "A" and incorporated herein by reference; and

Whereas, a public hearing was held on the Designation of Freeport LNG Development LP Reinvestment Zone No. 3 and the public was given an opportunity to speak and present evidence for or against such designation; and

Whereas, notice of the hearing was given in the manner as provided by law;

Therefore, based upon the information presented to the Court and the public hearing, the Court finds that the designation of this zone would contribute to the retention or expansion of primary employment or would attract major investment in the zone that would be a benefit to the property included in the zone and would contribute to the economic development of the County.

ATTACHMENT 23

EXHIBIT "A"

Being the same land conveyed by Deed deemed effective as of January 3, 1975; from The Dow Chemical Company, as grantor, to Ernest H. Cockrell, et al, as grantees, filed for record in the Office of the County Clerk of Brazoria County, Texas, in Volume 1231, page 859.

774.67812 acres of land out of Tract No. 1 of the H. Seaburn Estate, described in Deed dated July 12, 1883, recorded in Vol. V, page 303, Deed Records, Brazoria County, Texas, in the J. E. Groce 5 Leagues Grant, Abstract No. 66, Brazoria County, Texas, described in metes and bounds, using survey terminology which refers to the Texas Coordinate System, South Central Zone, except the distances which are the horizontal ground level lengths, as follows:

BEGINNING at the position $x = 3,173,146.829$ and $y = 450,883.487$, for the southeast corner, which is the point of intersection of the center line of right-of-way of Texas State Highway F.M. No. 523 with the south line of J. E. Groce 5 Leagues, Abstract No. 66, from which the underground portion of an old broken concrete monument situated in said south line, at the position $x = 3,173,120.626$ and $y = 450,885.783$, bears N. $87^{\circ} 27' 41.55''$ E. a distance of 51.854 feet and in turn an old concrete monument situated at the position $x = 3,173,209.59$ and $y = 450,875.17$, which marks the southeast corner of said J. E. Groce 5 Leagues, bears N. $87^{\circ} 27' 13.04''$ E. a distance of 2017.197 feet; said south line and southeast corner of the J. E. Groce 5 Leagues as lined by the above monuments or markers is the ground location which has been consistently and prominently maintained for the identicals as described in the original grant of July 29, 1824, and no physical evidence contrary can be found on the premises;

THENCE, with said south line, S. $87^{\circ} 27' 41.55''$ W., at a distance of 60.003 feet to the position $x = 3,173,086.892$ and $y = 450,880.830$ which is the point of intersection with the west right-of-way line of said Highway F.M. No. 523, set a concrete monument with 1/2" lag screw, center punched, to mark said point, continue in all a distance of 749.831 feet to the position $x = 3,172,348.125$ and $y = 450,850.184$, at which was found a capped 3/4" G.X.P. set in 6" of concrete, a marker in good condition with the appearance indicating its age to be approximately 15 years in the identical location, situated on the east bank of the eastern part of Stubblofield Lake, for a slight angle point in said south line;

THENCE, continue with said south line, S. $87^{\circ} 25' 43.98''$ W., traversing the marshy bed of Stubblofield Lake, in all a distance

THENCE, continue with said south line, S. 87° 27' 14.78" W., crossing the west bank of the eastern part of Stubblefield Lake, at 1057 feet cross the east bank of the western part of said lake, cross the lake, at 1529 feet cross the west bank of said western part of said lake, cross a private road, continue S. 87° 27' 14.78" W crossing Houston Lighting and Power Company's power line rights-of-way, crossing a pipeline corridor, cross a private road, at 3104.055 feet to the position $x = 3,169,791.484$ and $y = 450,689.741$ and set a concrete monument with 1/2" lag screw, center punched, for the offset marker for the south southwest corner, in all a distance of 3116.956 feet to the position $x = 3,169,789.389$ and $y = 450,688.280$, which is the point of intersection of said south line with the right ascending waters edge of Oyster Creek, for the south southwest corner;

The Brazoria County guidelines and criteria for the creation of a reinvestment zone are attached.

Date: 5/22/2012

THE SPECIAL COMMISSIONERS COURT SESSION OF BRAZORIA COUNTY, TEXAS

ORDER NO. VII.B.1.a.

RE: Adoption of Tax Abatement Guidelines and Criteria

- 1. The Court approves adopting the Guidelines and Criteria for granting tax abatement attached hereto.**
- 2. The Tax Abatement Guidelines and Criteria are effective beginning this date.**

**GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENT
IN A REINVESTMENT ZONE CREATED IN BRAZORIA COUNTY**

WHEREAS, the creation, retention and diversification of job opportunities that bring new wealth are among the highest civic priority; and

WHEREAS, the purpose of tax abatement is to provide an incentive offered by the taxpayers, i.e. citizens of Brazoria County, to attract investments, that lead to better quality of life and better services. The wealth created by these enterprises leads to more service and retail businesses, which in addition to improving quality of life, increases the tax base. In summary, by giving incentive in terms of tax abatement, the citizens agree to give up short term tax benefits, for long term benefits; and

WHEREAS, new jobs, investment and industrial diversification will benefit the area economy, provide needed opportunities, strengthen the real estate market and generate tax revenue to support local services; and

WHEREAS, the communities within Brazoria County must compete with other localities across the nation currently offering tax inducements to attract new plant and modernization projects; and

WHEREAS, any tax incentives offered in Brazoria County would reduce needed tax revenue unless strictly limited in application to those new and existing industries that bring new wealth to the community; and

WHEREAS, the abatement of property taxes, when offered to attract capital investment and primary jobs in industries which bring in money from outside a community instead of merely recirculating dollars within a community, has been shown to be an effective method of enhancing and diversifying an area of economy; and

WHEREAS, Texas law requires any eligible taxing jurisdiction to establish Guidelines and Criteria as to eligibility for tax abatement agreements prior to granting of any future tax abatement, and said Guidelines and Criteria to be unchanged for a two year period unless amended by a three-quarters vote;

Now, therefore, be it resolved that Brazoria County does hereby adopt these Guidelines and Criteria for granting tax abatement in reinvestment zones in Brazoria County.

DEFINITIONS Section 1

- (a) "Abatement" means the full or partial exemption from ad valorem taxes on certain real property in a reinvestment zone designated by Brazoria County for economic development purposes.

- (b) "Abatement Period" means the period during which all or a portion of the value of real property or tangible personal property that is the subject of a tax abatement agreement is exempt from taxation.
- (c) "Abated Facility Site" (or "proposed abated facility site") means the tract(s) or area of land underlying the proposed improvements to be abated.
- (d) "Agreement" means a contractual agreement between a property owner and/or lessee and Brazoria County for the purpose of tax abatement.
- (e) "Base year value" means the assessed value of eligible property January 1 preceding the execution of the agreement plus the agreed upon value of eligible property improvements made after January 1 but before the execution of the agreement.
- (f) "Brazoria County Vendor and Services" means a company that employs Brazoria County residents and pays Brazoria County taxes.
- (g) "Deferred maintenance" means the improvements necessary for continued operations which do not improve productivity or alter the process technology.
- (h) "Distribution Center Facility" means buildings and structures, including machinery and equipment, used or to be used primarily to receive, store, service, or distribute goods or materials owned by the facility operator where seventy percent (70%) of the goods or services are distributed outside of Brazoria County.
- (i) "Economic Development" means participation in or support of an organized program or entity which for the purpose of its mission, engages in activities designed to encourage employment opportunities development/commercial and manufacturing business/industry to locate and/or expand in Brazoria County, thus expanding and diversifying the tax base as well as increasing the economic strength and stability of Brazoria County.
- (j) "Eligible jurisdiction" means Brazoria County and any municipality or other local taxing jurisdictions eligible to abate taxes according to Texas law, the majority of which is located in Brazoria County that levies ad valorem taxes upon and provides services to reinvestment zone designated by Brazoria County.
- (k) "Employee" for the purposes of the economic qualifications of Section 2(h)(2) of these Guidelines and Criteria shall include all persons directly employed by the owner of the planned improvement at the abated facility site/reinvestment zone together with any independent contractor or employee of independent contractors employed on a full-time (40 hours per week equivalent) basis at the facility site/reinvestment zone continuously for the duration of the abatement agreement.
- (l) "Existing facility" is the facility described in Section 2 (a) that will be expanded or modernized and which contains the proposed improvements to be abated. A manufacturing or processing unit or units of a larger plant complex that separately comprise a manufactur-

ing or production sub-unit of the larger plant shall be considered the existing facility for purposes of the Section 2 (h) (2) employment retention requirement (that the planned improvements cause the retention or prevention of loss of employment of 10 employees or 50% of the employees of the existing facility, whichever is greater). For example, if an existing facility has 100 employees, an expansion or modernization of all or part of that facility must result in the retention of at least 50 employees employed at or in connection with the expanded or modernized "existing facility" in order for the facility improvements to qualify for abatement.

- (m) "Expansion" means the addition of buildings, structures, machinery or equipment for purposes of increasing production capacity.
- (n) "Facility" means property improvements completed or in the process of construction which together comprise an integral whole.
- (o) "Manufacturing Facility" means buildings and structures, including machinery and equipment, the primary purpose of which is or will be the manufacture of tangible goods or materials or the processing of such goods or materials by physical or chemical change.
- (p) "Modernization" means the replacement and upgrading of existing facilities which increases the productive input or output, updates the technology or substantially lowers the unit cost of the operation. Modernization may result from the construction, alteration or installation of buildings, structures, fixed machinery or equipment. It shall not be for the purpose of reconditioning, refurbishing, or repairing.
- (q) "New Facility" means a property previously undeveloped which is placed into service by means other than or in conjunction with expansion or modernization.
- (r) "Other Basic Industry" means buildings and structures including fixed machinery and equipment not elsewhere described, used or to be used for the production of products or services which serve a market primarily outside Brazoria County.
- (s) "Productive Life" means the number of years a property improvement is expected to be in service. After a cessation of production, the productive life of property improvements may be deemed to end, at County's election, on the date of cessation of production either upon (1) a determination by the County that it is unlikely the improvement(s) will be reactivated as an integral part of a producing facility, and/or (2) the expiration of eighteen (18) continuous or non-consecutive months of non-production in any twenty-four (24) month period following the date the property improvement(s) cease to be in active service as part of a facility operating in a producing capacity. Upon cessation of production and for calculation of the recapture amount of taxes, the "productive life" will be determined to begin on the effective date of the tax abatement as set forth in the Agreement.
- (t) "Qualified Vendors and Services" means those vendors and services that meet the company's individual stated requirements, which can include but are not limited to: safety,

financial condition, environmental record, quality or ability to perform.

- (u) "Regional Entertainment Facility" means buildings and structures, including machinery and equipment, used or to be used to provide entertainment through the admission of the general public where seventy percent (70%) of users reside at least 50 miles from its location in Brazoria County.
- (v) "Research Facility" means buildings and structures, including machinery and equipment, used or to be used primarily for research or experimentation to improve or develop new tangible goods or materials or to improve or develop the production processes thereto.
- (w) "Regional Service Facility" means buildings and structures, including machinery and equipment, used or to be used to service goods where seventy percent (70%) of the goods being serviced originate outside of Brazoria County.
- (x) "Tangible personal property" means tangible personal property classified as such under state law, but excludes inventory and/or supplies, ineligible property as defined herein, and tangible personal property that was located in the investment zone at any time before the period covered by the agreement with the County.

ABATEMENT AUTHORIZED Section 2

- (a) **Authorized Facility.** A facility may be eligible for abatement if it is a: Manufacturing Facility, Research Facility, Distribution Center or Regional Service Facility, Regional Entertainment Facility, Other Basic Industry, or a facility that Commissioners Court determines would enhance job creation and the economic future of Brazoria County.
- (b) **Creation of New Value.** Abatement may only be granted for the additional value of eligible property improvements made subsequent to and specified in an abatement agreement between Brazoria County and the real property owner, tangible personal property owner, leasehold interest, and/or lessee, subject to such limitations as Brazoria County may require.
- (c) **New and Existing Facilities.** Abatement may be granted for new facilities and improvements to existing facilities for purposes of modernization or expansion.
- (d) **Eligible Property.** Abatement may be extended to the value of buildings, structures, tangible personal property as defined in the Tax Code including fixed machinery and equipment, site improvements and related fixed improvements necessary to the operation and administration of the facility.

Tangible Personal Property: Abatement may be granted with the owner of tangible personal property located on real property in a reinvestment zone to exempt from taxation (1) all or a portion of the value of the real property, (2) all or a portion of the value of the

tangible personal property located on the real property, or (3) all or a portion of the value of both.

An abatement may be granted with the owner of tangible personal property or an improvement located on tax-exempt real property that is located in a designated reinvestment zone to exempt all or a portion of the value of the tangible personal property or improvement located on the real property.

- (e) **Ineligible Property.** The following type of property shall be fully taxable and ineligible for tax abatement: land, existing improvements, tangible personal property that the Brazoria County Appraisal District classifies as inventory or supplies, tools, furnishings, and other forms of movable personal property; vehicles, watercraft, aircraft, housing, hotel accommodations, retail facilities, deferred maintenance investments, property to be rented or leased except as provided in Section 2(f), tangible personal property located in the reinvestment zone prior to the effective date of the tax abatement agreement, real property with a productive life of less than 10 years, property owned or used by the State of Texas or its political subdivisions or by any organizations owned, operated or directed by a political subdivision of the State of Texas, or any other property for which abatement is not allowed by state law.

- (f) **Leased Facilities. Leasehold Interest:** Abatement may be granted with the owner of a leasehold interest in tax-exempt real property located in a reinvestment zone designated to exempt all or a portion of the value of the leasehold interest in the real property.

Lessee Interest: Abatement may be granted with a lessee of taxable real property located in a reinvestment zone to exempt from taxation (1) all or a portion of the value of the fixtures, improvements, or other real property owned by the lessee and located on the property that is subject to the lease, (2) all or a portion of the value of tangible personal property owned by the lessee and located on the real property that is the subject of the lease, or (3) all or a portion of the value of both the fixtures, improvements, or other real property and the tangible personal property defined herein.

Leasehold Interest/Lessee shall be required to submit with its application a copy of the executed lease agreement between lessor/lessee demonstrating a minimum lease term double the abatement term granted.

- (g) **Value and Term of Abatement.** Abatement shall be granted effective with the January 1 valuation date immediately following the date of the Commissioners Court Order granting the abatement and approving the abatement application. One hundred percent of the value (or such percentage of value that shall be set by Commissioners' Court order) of new eligible properties shall be abated for up to seven years or one-half (1/2) the productive life of the improvement whichever is less. The "productive life" will be calculated from the effective date of the tax abatement and the date the equipment ceased to be in service. The abatement may be extended through an initial agreement and a subsequent agreement may be required to comply with state law regarding the term of the reinvestment zone.

If it is determined that the abatement period would better benefit the County and the Applicant by deferring the commencement date beyond the January 1st following the Commissioners Court Order granting the abatement and approving the abatement application, the County may defer the commencement date of the abatement period to a future date certain. The deferral of the commencement date will not allow the duration of the abatement period to extend beyond seven (7) years. However, in no event shall the abatement begin later than the January 1 following the commencement of construction.

If a modernization project includes facility replacement, the abated value shall be the value of the new unit(s) less the value of the old unit(s).

New eligible properties must be in active service and operation as part of a facility operating in a producing capacity for a period equal to double the abatement period (*i.e.* seven year abatement, then in producing capacity for 14 years) in order to receive the full term of the abatement granted and not be subject to the term reduction and recapture/payment obligation provisions.

- (h) Economic Qualification. In order to be eligible for designation as a reinvestment zone and to qualify for tax abatement the planned improvement:
 - (1) must be reasonably expected to increase and must actually increase the value of the property in the amount of \$1 million or more;
 - (2) must create employment for at least 10 people on a full-time (40 hours per week equivalent) basis in Brazoria County for the duration of the abatement period at the abated facility site described in the tax abatement application; or alternatively, must retain and prevent the loss of employment of 10 employees or fifty percent (50%) of the existing number of employees, at the time of application, employed at or in connection with the existing facility containing the abated facility site described in the tax abatement application, whichever is greater, for the duration of the abatement period. The following is applicable to the employment retention/preventing loss of employment requirement:
 - a. "Existing facility" is the facility described in Section 2 (a) that will be expanded or modernized and which contains the proposed improvements to be abated. A manufacturing or processing unit or units of a larger plant complex that separately comprise a manufacturing or production sub-unit of the larger plant shall be considered the existing facility for purposes of the Section 2(h)(2) employment retention requirement (that the planned improvements cause the retention or prevention of loss of employment of 10 employees or 50% of the employees of the existing facility, whichever is greater). For example, if a large plant complex has a sub-unit that produces chlorine and 100 employees are employed at or in connection with that unit, an expansion or modernization of all or part of that facility must result in the retention of at least 50 employees employed at or in connection with the

expanded or modernized "existing facility" in order for the facility improvements to qualify for abatement.

b. Employees of a larger plant unit transferred or assigned to and employed at or in connection with a new sub-unit containing the planned improvements, constructed on undeveloped land constituting the proposed abated facility site/reinvestment zone shall be considered "created" employment for purposes of this sub-section.

The proposed number of employees to be employed at the abated facility as stated in the abatement application for the property that is the subject of the tax abatement agreement (including the projected creation or retention of employment) must be maintained for the duration of the abatement period at the abated facility site. For purposes of this sub-section, in order for a planned improvement to be considered as preventing the loss of employment or retaining employment, the abated facility/project must be necessary in order to retain or keep employment at levels as indicated in the application and in order to retain the proposed number of employees at the abated facility as indicated in the application. The owner/Applicant seeking to qualify on the basis of retention or preventing loss of employment must provide a detailed statement as an attachment to its application affirmatively representing compliance with this sub-section and explaining the necessity of this project to prevent loss of employment. Any variance from the requirements of this sub-section is subject to approval of Commissioners Court in accordance with the variance section of these Guidelines & Criteria.

- (3) must be not expected to solely or primarily have the effect of transferring employment from one part of the county to another part of the county. A variance may be requested relative to this provision which approval shall be at the sole discretion of the County.
- (4) must be necessary because capacity cannot be provided efficiently utilizing existing improved property;

Additionally, the owner of the project:

- (5) must provide for and pay, at the time of filing an application for tax abatement, a non-refundable application fee of \$1,000. A part of the application fee will be dedicated by Brazoria County to economic development programs authorized by Local Government Code, Section 381.004.
- (6) must file a plan statement with application demonstrating willingness and planned efforts to use qualified Brazoria County vendors and services where applicable in the construction and operations of the facility. Brazoria County vendors and services must be competitive with non-county vendors and services regarding price, quality, safety, availability and ability perform. It is preferred that applicant seek qualified workers who are United States citizens and veterans and also legal resi-

- dents prior to seeking workers from other countries.
- (7) will annually, for the term of the abatement, contribute .000165 of the value reported in "Part IV Section F" of the abatement application (estimated value of abated improvements at the conclusion of the abatement period). Air carriers receiving abatement will contribute an amount equal to .000165 of the estimated value of the personal property of the air carrier indicated in its Application. Each project will contribute no more than \$15,000 nor less than \$1,000 annually to be used specifically to fund economic development in Brazoria County as authorized by Local Government Code, Section 381.004. The annual contribution shall be paid to Brazoria County through the County Auditor's Office on or before January 1 of each year of the tax abatement contract term.
 - (8) must not file with the Brazoria County Appraisal District a valuation or taxpayer protest or notice of protest pursuant to the Texas Property Tax Code during the abatement period legally protesting the valuation of the abated improvements of a manufacturing facility pursuant to an appraisal method that produces a valuation of improvements based on each improvement's value as a separate item of personal property rather than the improvements' value as integral fixtures of a producing manufacturing facility. An owner's legal protest the improvements' value pursuant to the Texas Property Tax Code must be based on and use accepted appraisal methods and techniques allowed by law (Texas Property Tax Code) and uniform standards of professional appraisal practice. The filing of a valuation protest or notice of protest contrary to this standard shall cause the tax abatement agreement to be subject to termination and recapture of all previously abated taxes.
 - (9) must not be a defendant in any litigation by the County seeking recovery or recapture of previously abated taxes.
- (i) Taxability. From the execution of the abatement contract to the end of the agreement period, taxes shall be payable as follows:
- (1) The value of ineligible property as provided in Section 2(e) shall be fully taxable;
 - (2) the base year value of existing eligible property as determined each year shall be fully taxable; and
 - (3) the additional value of new eligible property shall be taxable in the manner described in Section 2(g).

APPLICATION Section 3

- (a) The Application for tax abatement may be obtained from the County Judge's Office or on the Brazoria County website at www.brazoria-county.com. Applicant may contact the Judge's Office at (979) 864-1200 or (281) 756-1200.

- (b) Any present or potential owner of taxable property in Brazoria County may request the creation of a reinvestment zone and tax abatement by filing a tax abatement application with Brazoria County. The application shall be filed with the County Judge by providing twelve (12) copies or an electronic version and five (5) copies. The additional copies provided will be furnished to each member of Commissioners Court and the Tax Abatement Review Committee (TARC). After filing the application, the Applicant shall provide an economic impact analysis report, in a format comparable to the Texas Governor's economic impact analysis report, to the County Judge's Office prior to the TARC meeting on the Applicant's tax abatement application.
- (c) The application shall consist of a completed application form accompanied by: a general description of the proposed use and the general nature and extent of the modernization, expansion or new improvements which will be a part of the facility; a map and property description; a time schedule for undertaking and completing the planned improvements. In the case of modernizing, a statement of the assessed value of the facility, separately stated for real and personal property, shall be given for the tax year immediately preceding the application. The application form shall require such financial and other information as Brazoria County deems appropriate for evaluating the financial capacity and other factors of the Applicant. Applicant should not submit confidential information as part of the application. If doing so cannot be avoided, a general description in non-confidential terms should be included on the application, along with a sealed document containing the confidential information as an attachment and clearly marked "CONFIDENTIAL".
- (d) Upon receipt of a completed application, the County Judge shall notify in writing the presiding officer of the legislative body of each eligible jurisdiction. Before acting upon the application, Brazoria County Commissioners' Court shall hold a public hearing at which interested parties shall be entitled to speak and present written materials for or against the approval of the tax abatement. The public hearing shall also afford the Applicant and the designated representative of any eligible jurisdiction opportunity to show cause why the abatement should or should not be granted. Notice of the public hearing shall be clearly identified on a Brazoria County notice to be posted at least 30 days prior to the hearing.
- (e) After receipt of an application for creation of a reinvestment zone and application for abatement, the Tax Abatement Review Committee (TARC) shall prepare a feasibility study setting out the impact of the proposed reinvestment zone and tax abatement. The feasibility study shall include, but not be limited to, an estimate of the economic effect of the creation of the zone and the abatement of taxes and the benefit to the eligible jurisdiction and the property to be included in the zone. The economic impact analysis report provided by the Applicant shall be attached to the feasibility study and included as part of the feasibility study report.
- (f) If upon written request for a legal opinion or interpretation from the Commissioners' Court or its members, the legal counsel for Brazoria County determines that the application does not appear to comply with the written language of the Guidelines and Criteria, a public hearing on said application if already set, shall be postponed for a period of at least

thirty days from the scheduled date of public hearing to allow time for further review by the Commissioners' Court or any duly appointed review committee, or if an initial setting has not been made, the hearing on such application shall be set on the Commissioners' Court agenda no sooner than sixty (60) days from the time the Court enters an order to set the public hearing date.

The Applicant shall file a supplement or addendum to its application to show cause why the application should be approved and shall present reasons at the public hearing on the same.

Provided that any final decision or interpretation as to the intent and meaning or policy of any provision or its written language; any final decision as to whether or not an application complies or does not comply with the guidelines and criteria; and any final decision as to whether to grant or deny tax abatement shall be made by the Commissioners' Court at its sole discretion.

- (g) Brazoria County shall not establish a reinvestment zone for the purpose of abatement if it finds that the request for the abatement was filed after the commencement of construction, alteration, or installation of improvements related to a proposed modernization, expansion or new facility.
- (h) Variance. Requests for variance from the provisions of Subsections (a) (b) (e) (g), (h) (1), (h) (2) and/or (h) (3) of Section 2 may be made in written form to the County Judge with a copy forwarded to the TARC. Such requests shall include a complete description of the circumstances explaining why the Applicant should be granted a variance. Approval of a request requires a four-fifths (4/5) vote of the Commissioners Court.
- (i) Special Variance: Air Carriers. A special variance from all applicable provisions of these guidelines and criteria, with the exception of Section 2 (h) (5) and (h) (7) may be granted allowing abatement or partial abatement of ad valorem taxes on the personal property of a certificated or non-certificated air carrier that owns or leases taxable real property in Brazoria County provided that the personal property has a value of at least \$10,000,000. Approval of a request for this variance requires a three-fourth (3/4) vote of the Commissioners Court.

PUBLIC HEARING Section 4

- (a) Neither a reinvestment zone nor abatement agreement shall be authorized if it is determined that:
 - (1) there would be a substantial adverse affect on the provision of government service or tax base;
 - (2) the Applicant has insufficient financial capacity;

- (3) planned or potential use of the property would constitute hazard to public safety, health or morals; or,
- (4) violation of other codes or laws.

AGREEMENT Section 5

- (a) After approval, Brazoria County Commissioners' Court shall formally pass a resolution and execute an agreement with the Applicant as required which shall include:
 - (1) estimated value to be abated and the base year value;
 - (2) percent of value to be abated each year as provided in Section 2(g);
 - (3) the commencement date and the termination date of abatement;
 - (4) the proposed use of the facility; nature of construction, time schedule, map, property description and improvement list as provided in Application, Sections II and III;
 - (5) contractual obligations in the event of default, violation of terms or conditions, delinquent taxes, recapture, administration and assignment as provided in Sections 2(a), 2(f), 2(g), 2(h) 6, 7, and 8;
 - (6) size of investment and average number of jobs involved for the period of abatement; and
 - (7) provision that Applicant shall annually furnish information necessary for Brazoria County's evaluation of Applicant's compliance with the terms and conditions of the tax abatement agreement and these guidelines and criteria (in the form of an annual report/statement of compliance), together with an additional provision that Brazoria County may, at its election, request and obtain information from Applicant as is necessary for the County's evaluation of Applicant's compliance with the terms and conditions of the tax abatement agreement and these guidelines and criteria. See Attachment A.
 - (8) provision that, upon expiration of the tax abatement agreement, Applicant shall begin annually reporting the status of the abated improvements regarding active service and operation as part of a facility operating in a producing capacity. Reporting will be for the same amount of years as the tax abatement period (*i.e.* seven year abatement, then follow-up reporting for seven more years). See Attachment B.
- (b) Such agreement shall be executed within sixty (60) days after the Applicant has for-

warded all necessary information and documentation to Brazoria County.

RECAPTURE Section 6

- (a) In the event the facility contemplated herein is completed and begins producing product or service, but the company fails to maintain the level of employment (including the projected creation or retention of employment) stated in the abatement application for the property that is the subject of the abatement agreement, the county may elect to: (1) Declare a default and terminate the abatement agreement without recapturing prior years' abated taxes; (2) Declare a default, terminate the agreement and order a recapture of all or part of the previous years' abated taxes; or (3) Set specific terms and conditions for the continuation of the abatement exemption for the duration of the term of the agreement under its present terms or alter the amount of the abatement for the remaining term of the agreement.
- (b) Should Brazoria County determine that the company or individual is in default according to the terms and conditions of its agreement, Brazoria County shall notify the company or individual in writing at the address stated in the agreement and if such is not cured within sixty (60) days from the date of such notice ("Cure Period"), then the agreement may be terminated.
- (c) In the event that the company or individual (1) allows its ad valorem taxes owed the County to become delinquent and fails to timely and properly follow the legal procedures for their protest and/or contest, or (2) violates any of the terms and conditions of the abatement agreement and fails to cure during the Cure Period, the agreement then may be terminated and all taxes previously abated by virtue of the agreement will be recaptured and paid within sixty (60) days of the termination.
- (d) Failure to provide any requested statement or information pursuant to the provisions described in Section 5(a)(7) without just cause within sixty (60) days of the request for the information or the presentation of any false or misleading statement may, at the County's option, be construed as a default by the company or individual and cause for immediate termination of the tax abatement agreement and recapture of all previously abated taxes, if after written notice of default, the company or individual has not cured such default prior to the expiration of thirty (30) days from such written notice. The Cure Period provisions of sub-sections (b) and (c) above are not applicable to a default and termination under this paragraph.

ADMINISTRATION Section 7

- (a) The Chief Appraiser of the County shall annually determine an assessment of the real and personal property comprising the reinvestment zone. Each year, the company or individual receiving abatement shall furnish the assessor with such information as may be necessary for the abatement. Once value has been established, the Chief Appraiser shall notify

the eligible jurisdictions which levies taxes on the amount of the assessment.

- (b) The agreement shall stipulate that TARC of Brazoria County will have access to the reinvestment zone during the term of the abatement to inspect the facility to determine if the terms and conditions of the agreement are being met. All inspections will be made only after the giving of twenty-four (24) hours prior notice and will only be conducted in such a manner as to not unreasonably interfere with the construction and/or operation of the facility. All inspections will be made with one or more representatives of the company or individual and in accordance with their safety standards.
- (c) Tax Abatement Review Committee:

The Commissioners' Court shall appoint a standing Tax Abatement Review Committee (TARC) for purposes of (i) reviewing the tax abatement application and preparing the feasibility study report required by Section 3(d) of these guidelines; (ii) conducting annual inspections and/or evaluations of the abated facilities to insure compliance with the terms/conditions of the tax abatement agreement.
- (d) The Tax Abatement Review Committee shall be comprised of, but not limited to, a representative appointed by each Commissioners' Court member. The County Auditor, County Treasurer, District Attorney representative, and County Tax Assessor Collector shall serve as ex-officio members of the Committee to advise on abatement qualifications and procedures. The County Judge and the Commissioner of the Precinct in which a proposed abated facility will be located will serve on the Committee during the period when the Committee is preparing the feasibility study report and conducting the annual inspection and/or evaluation of the facility.
- (e) Upon completion of construction, the owner of an abated facility must submit a written report/statement of compliance annually during the life of the abatement to the Brazoria County Commissioners' Court and the Tax Abatement Review Committee clearly detailing the status of the facility and how it is complying with the abatement guidelines. The Committee shall annually evaluate each abated facility and report possible violations to the contract and agreement to the Brazoria County Commissioners' Court. A form of annual report that may be used by the owner is attached as Attachment A to these Guidelines & Criteria, and the owner's annual report shall, at a minimum, contain the information shown in the Attachment A form.
- (f) Upon expiration of the Tax Abatement term, the owner of the abated improvements must submit a written report/statement of compliance annually, beginning January 1 after the expiration of the tax abatement term, documenting that the abated improvements remain in active service and operation as part of a facility operating in a producing capacity for an additional period equal to the abatement period granted and completed (*i.e.* seven year abatement, then in producing capacity for an additional 7 years after expiration of the tax abatement agreement) in order to receive the full term of the abatement granted and not be subject to the term reduction and recapture/payment obligation provisions. The Report shall be delivered to the County Judge. The Committee shall annually evaluate each

abated facility and report possible violations to the contract and agreement to the Brazoria County Commissioners' Court. A form of annual report that may be used by the owner is attached as Attachment B to these Guidelines & Criteria, and the owner's annual report shall, at a minimum, contain the information shown in the Attachment B form.

- (g) The County shall timely file with the Texas Department of Commerce and the Property Tax Division of the State Comptroller's office all information required by the Tax Code.

ASSIGNMENT Section 8

Abatement may be transferred and assigned by the holder to a new owner or lessee of the same facility upon the approval by resolution of Brazoria County subject to the financial capacity of the assignee and provided that all conditions and obligations in the abatement agreement are guaranteed by the execution of a new contractual agreement with Brazoria County. No assignment or transfer shall be approved if the new parties to the existing agreement, the new owner or new lessee are liable to Brazoria County or any eligible jurisdiction for delinquent taxes or other obligations. Approval shall not be unreasonably withheld.

PROVISIONS REGARDING CITY-INITIATED ABATEMENTS Section 9

- (a) This section is applicable to tax abatement applications for property located in a reinvestment zone designated by a city and applications by Applicants who have previously entered into a tax abatement agreement with a city regarding that property.
- (b) All provisions of these Guidelines & Criteria are applicable to city-initiated reinvestment zones and abated areas within a city's territorial limits unless otherwise stated herein or provided by law.
- (c) An Applicant shall file a tax abatement application on the County's application form together with all attachments and statements described in the application instructions and in subsection (d) herein below.
- (d) Upon receipt of a tax abatement application applicable to property within a city-designated reinvestment zone subject to a city's tax abatement agreement, the application shall be reviewed for approval as to (a) correct application form, (b) represented compliance with economic value estimates and employment criteria of Section 2(h) of the Guidelines & Criteria, (c) legal description requirements, (d) attachment of a correct copy of the city's ordinance designating the area as a reinvestment zone and granting abatement and (e) attachment of a correct copy of the fully executed tax abatement agreement between the city and the Applicant.
- (e) After review (and subject to approval of the matters in (d) above), the public hearing on the tax abatement shall be scheduled at the Commissioners Court meeting that next follows the one at which the Order Setting Hearing Date is entered, unless otherwise or-

dered by Commissioners Court. If there are any compliance problems with the application (including any problems to be resolved or amendments to the application to be made prior to the public hearing), the County Judge and Precinct Commissioners shall be advised of these compliance problems/matters to be resolved in a memo from the Civil Division-District Attorney's Office transmitting the Order Setting Hearing Date. No hearing shall be set on any application that fails to attach both the ordinance designating reinvestment zone and the copy of the fully executed tax abatement agreement between the city and the Applicant, or which is deficient as to application form or legal description. In such case the Applicant shall be informed of the necessity of attaching those documents or making necessary corrections, and there will be no further processing of the application until the same are received.

- (f) The notice provisions of Section 3 (c) are not applicable to an application under this section.
- (g) The percentage of property value abated and the term of abatement shall be the same as that stated in the city's tax abatement agreement unless otherwise specifically ordered in the Commissioners Court order granting abatement.

SUNSET PROVISION Section 10

- (a) These Guidelines and Criteria are effective upon the date of their adoption and will remain in force for two years, at which time all reinvestment zones and tax abatement contracts created pursuant to its provisions will be reviewed by Brazoria County to determine whether the goals have been achieved. Based on that review, the Guidelines and Criteria will be modified, renewed or eliminated, provided that such actions shall not affect existing contracts or applications for tax abatement filed prior to the expiration of said Guidelines and Criteria. Applications for abatement filed prior to the expiration of the Guidelines and Criteria shall be governed by the provisions of these Guidelines and Criteria regardless of any subsequent modification or amendment.
- (b) This policy is mutually exclusive of existing Industrial District Contracts and owners of real property in areas deserving of special attention as agreed by the eligible jurisdictions.
- (c) These guidelines and policies for Tax Abatement shall be effective May 11, 2012, and shall remain in force until May 11, 2014, unless amended or superseded, modified, renewed, or eliminated by Commissioners' Court prior to that date.
