Form 50-296
(Revised May 2010)

INSTRUCTIONS: This application must be completed and filed with the school district. In order for an application to be processed, the governing body (school board) must elect to consider an application, but — by Comptroller rule — the school board may elect to consider the application only after the school district has received a completed application. Texas Tax Code, Section 313.025 requires that any completed application and any supplemental materials received by the school district must be forwarded within seven days to the Comptroller of Public Accounts.

If the school board elects to consider the application, the school district must:

- notify the Comptroller that the school board has elected to consider the application.
This notice must include:
 - the date on which the school district received the application;
 - the date the school district determined that the application was complete;
 - the date the school board decided to consider the application; and
 - a request that the comptroller prepare an economic impact analysis of the application;
- provide a copy of the notice to the appraisal district;
- must complete the sections of the application reserved for the school district and provide information required in the Comptroller rules located at 34 Texas Administrative Code (TAC) Section 9.1054; and
- forward the original completed application to the Comptroller in a three-ring binder with tabs separating each section of the documents, in addition to an electronic copy on CD. See 34 TAC Chapter 9, Subchapter F.

The governing body may, at its discretion, allow the applicant to supplement or amend the application after the filing date, subject to the restrictions in 34 TAC Chapter 9, Subchapter F.

When the Comptroller receives the notice and required information from the school district, the Comptroller will publish all submitted application materials on its Web site. The Comptroller is authorized to treat some application information as confidential and withhold it from publication on the Internet. To do so, however, the information must be segregated and comply with the other requirements set out in the Comptroller rules as explained in the Confidentiality Notice below.

The Comptroller will independently determine whether the application has been completed according to the Comptroller's rules (34 TAC Chapter 9, Subchapter F). If the Comptroller finds the application is not complete, the Comptroller will request additional materials from the school district. When the Comptroller determines that the application is complete, it will send the school district a notice indicating so. The Comptroller will determine the eligibility of the project, make a recommendation to the school board regarding the application and prepare an economic impact evaluation by the 90th day after the Comptroller receives a complete application—as determined by the Comptroller.

The school board must approve or disapprove the application before the 151st day after the application review start date (the date the application is finally determined to be complete), unless an extension is granted. The Comptroller and school district are authorized to request additional information from the applicant that is reasonably necessary to complete the recommendation, economic impact evaluation or consider the application at any time during the application review period.

Please visit the Comptroller's Web site to find out more about the program at <http://www.window.state.tx.us/taxinfo/proptax/hb1200/index.html>. There are links on this Web page to the Chapter 313 statute, rules and forms. Information about minimum limitation values for particular districts and wage standards may also be found at that site.

GUIDELINES & CRITERIA FOR GRANTING TAX ABATEMENT IN A REINVESTMENT ZONE CREATED IN HARRIS COUNTY

Whereas, the creation and retention of job opportunities that bring new wealth is the highest civic priority; and

Whereas, new jobs and investment will benefit the area economy, provide needed opportunities, strengthen the real estate market and generate tax revenue to support local services; and

Whereas, the communities within Harris County must compete with other localities across the nation currently offering tax inducements to attract jobs and investments; and

Whereas, any tax incentives offered in Harris County would reduce needed tax revenue unless strictly limited in application to those new and existing industries that bring new wealth to the community; and

Whereas, any tax incentives should not have a substantial adverse effect on the competitive position of existing companies operating in Harris County; and

Whereas, tax incentives should not be used to attract those industries that have demonstrated a lack of commitment to protecting our environment, but should be used to encourage projects designed to protect our environment; and

Whereas, the abatement of property taxes, when offered to attract primary jobs in industries which bring in money from outside a community instead of merely re-circulating dollars within a community, has been shown to be an effective method of enhancing and diversifying an area's economy; and

Whereas, Texas law requires any eligible taxing jurisdiction to establish Guidelines and Criteria as to eligibility for tax abatements prior to granting any tax abatement, said Guidelines and Criteria to be unchanged for a two-year period unless amended by a three-quarters vote; and

Whereas, to assure a common, coordinated effort to promote our communities' economic development, any such Guidelines and Criteria should be adopted only through the cooperation of municipalities, taxing jurisdictions, and Harris County; and

Whereas, Harris County Commissioners Court has approved the circulation of Guidelines and Criteria to affected taxing jurisdictions for consideration as a common policy for all jurisdictions choosing to participate in tax abatement agreements;

Now, therefore, be it resolved that Harris County does hereby adopt these Guidelines and Criteria for granting tax abatements within reinvestment zones created in Harris County.

- (a) **Authorized Facility.** A facility may be eligible for abatement if it is a: Manufacturing Facility, Research Facility, Regional Distribution Center Facility, Regional Service Facility, Regional Entertainment Facility, Research and Development Facility or Other Basic Industry Facility.

- (b) **Creation of New Value.** Abatement may only be granted for the additional value of eligible real property (including fixed-in-place machinery and equipment) listed in an agreement between the County and the property owner and lessee (if applicable), subject to such limitations as Commissioners Court and the Texas Property Tax Code may require.
- (c) **Eligible Property.** An abatement may be extended to the value of buildings, structures, fixed machinery and equipment, site improvements plus that office space and related fixed improvements necessary to the operation and administration of the facility. The value of all property shall be the Certified Appraised Value for each year, as finally determined by the Harris County Appraisal District (“HCAD”).
- (d) **Ineligible Property.** The following types of property shall be fully taxable and ineligible for abatement: land; inventories; supplies; tools; furnishings, and other forms of movable personal property; vehicles; vessels; aircraft; housing; hotel accommodations; deferred maintenance investments; property to be rented or leased (except as provided in “Leased Facilities,” below); property with an economic life of less than 15 years; property owned or used by the State of Texas or its political subdivisions or by any organization owned, operated or directed by a political subdivision of the State of Texas, or any property exempted by local, state or federal law. When such exempted property includes manufacturing machinery and equipment listed in the Investment Budget (as required in “Application”), then the value of such property may not be included toward the achievement of investment or valuation thresholds set out in the Agreement.
- (e) **Leased Facility.** If a leased facility is granted a tax abatement, then the Agreement shall be executed with both the lessor (owner) and the lessee.
- (f) **Value and Term of Abatement.** A tax abatement shall be granted in accordance with the terms of a tax abatement agreement, as follows:
1. Projects are eligible for abatement of new value, subject to an abatement cap: to be calculated as \$1,000,000 per job created/retained times the number of such jobs as required in a tax abatement agreement. Such cap shall not exceed the increased value requirement as set out in the Agreement, and will be adjusted annually. To determine the amount of the abatement each year, the Adjusted Cap shall be multiplied by up to 50 percent, up to a total of 10 years. Under no circumstance will any facility receive the benefit of a tax abatement for more than 10 years. The value of eligible property must remain greater than or equal to the contractually-defined minimum value requirement.
 2. No tax abatement shall be given in any year in which the facility fails to meet the contractually-defined minimum value requirement.
 3. No tax abatement shall be given in any year in which the facility fails to meet the contractually-defined employment creation and retention requirement.

4. The Agreement shall set out in detail the exact method to be used in computing the tax abatement in each year.

(g) Basic Qualifications for Tax Abatement. To be eligible for designation as a reinvestment zone and receive tax abatement the planned improvement:

1. must be shown to increase the appraised value of the property at least **\$1,000,000** upon completion of the contractually-defined construction period;
2. must be shown to directly create or prevent the loss of permanent full-time employment for at least **25** people within the reinvestment zone upon completion of the contractually-defined employment period;
3. must be **competitively-sited**; and
4. must be shown not to solely or primarily have the effect of transferring employment from one part of the County to another.

(h) Taxability. From execution to expiration of Agreement, taxes shall be payable as follows:

1. value of ineligible property in the reinvestment zone shall be fully taxable;
2. non-abatable real property in the reinvestment zone shall be fully taxable each year;
3. additional value of new eligible property shall be taxable in the manner described in "Value and Term of Abatement;"
4. if Base Year Value decreases during the term of a tax abatement or if an additional exemption is granted by the state or federal government, then the maximum amount of abatable value to be used in abatement calculation ("the Cap") will be reduced each year at the same rate; and
5. each year the exemption will be computed by HCAD in the following manner:
 - Current Property Value will be the current appraised value of all Eligible property and existing property within the reinvestment zone for the year in which the Abatement Agreement is executed.
 - Base Year Value will be subtracted from the Current Property Value, the result to be called "Current Amount Eligible for Abatement," provided the result is greater than or equal to the value of Eligible property. In no case may this amount exceed the lower of the Cap (see (h)4.) or the Adjusted Cap (see (f)1.).
 - Current Amount Eligible for Abatement is multiplied by up to 50% to determine the amount of exemption in each year, after adjustment is made to the Cap, if applicable.

(i) **Environmental and Worker Safety Qualification.** In determining whether to grant a tax abatement, consideration will be given to compliance with all state and federal laws designed to protect human health, welfare and the environment (“environmental laws”) that are applicable to all facilities in the State of Texas owned or operated by the owner of the facility or lessee, its parent, subsidiaries and, if a joint venture or partnership, every member of the joint venture or partnership (“applicants”). Consideration may also be given to compliance with environmental and worker safety laws by applicants at other facilities within the United States.

(j) **Leadership in Energy and Environmental Design (LEED®) Tax Abatement:** If the owner of new commercial construction has registered with the U.S. Green Building Council (“USGBC”) seeking LEED Certification, then the County Community Services Department (“CSD”) may recommend approval of a partial tax abatement for the incremental investment associated with obtaining such certification. The Agreement shall be effective up to 10 years, at a percentage based upon the level of certification actually obtained after completion of construction:

- LEED Certification Level and “Imputed LEED-Related Value Increment:”
 1. Certified (Basic) Level 1.0%
 2. Silver Level 2.5%
 3. Gold Level 5.0%
 4. Platinum Level 10%
- The minimum value increase requirement derived from the “Imputed LEED-Related Value Increment” to meet the eligibility test is **\$100,000**.
- This type of tax abatement may be sought by an applicant of the County’s standard economic development tax abatement, or as a stand-alone tax abatement. When an applicant seeks only a LEED Certification Tax Abatement, no job creation target or competitive siting will be required in order to qualify. The investment requirement will be at least **\$1 million** for a commercial structure with Platinum LEED Certification, and at least **\$10 million** for a commercial with the Basic Certification (assumes percentages from preceding table and minimum value increase of **\$100,000**).
- Applicant must be registered with USGBC seeking LEED Certification, prior to submitting its application to the County.
- The application for a LEED Certification Tax Abatement must be submitted to the County prior to commencing construction of the applicable new development. A non-refundable application fee of **\$1,000** specifically for “LEED Certification Tax Abatement,” made payable to Harris County, must be provided to the County with an application.

- The Agreement shall become effective in the year the application is approved by Commissioners Court and effective up to 10 years. However, the tax abatement benefit (i.e., partial exemption of value from ad valorem taxes) shall not commence until construction of the project is completed and LEED Certification is obtained by the applicant. The value of the tax abatement shall be calculated on the appraised value after LEED Certification is obtained.
- The value of the tax abatement may be increased by up to **\$1,000** in the final year of the Agreement, at the County’s discretion.

(k) Additional Incentive for Locating New Project in HUD-Designated Low Income Target Area in the County. Construction of a new eligible facility in a “HUD-Designated Low-Income Target Area” within the County, as determined on the application date, may enable CSD to recommend that Commissioners Court approve an additional tax abatement up to 10%.

- A qualifying project must nevertheless meet the three basic requirements to for an economic development tax abatement: (1) creation of at least \$1 million in new tax roll value, (2) creation of at least 25 new permanent full-time jobs, and (3) competitive siting.
- A specific “Target Area Project Site Incentive” provision must be contained in the Agreement approved by Commissioners Court and cannot be added at a later date.

(l) Additional Incentive for Full-Time Permanent Job Creation for Residents of HUD-Designated Low Income Target Areas in the County. Construction of a new eligible facility resulting in creation of jobs for residents of “HUD-Designated Low-Income Target Areas” within the County, as determined on application date, may enable CSD to recommend that Commissioners Court approve an additional tax abatement, per the following table:

| | |
|-----------------------|--------------------------------|
| 1. 10 jobs (up to 24) | 2.0% increase in tax abatement |
| 2. 25 jobs (up to 49) | 5.0% increase in tax abatement |
| 3. 50 jobs (up to 99) | 10% increase in tax abatement |
| 4. 100 jobs (or more) | 20% increase in tax abatement. |

- A qualifying project must nevertheless meet the three basic requirements to for an economic development tax abatement: (1) creation of at least \$1 million in new tax roll value, (2) creation of at least 25 new permanent full-time jobs, and (3) competitive siting.
- Compliance shall be monitored annually based on W-2s and other pertinent employee-specific data to be required/requested from employer as needed. A specific “Target Area Employment Incentive” provision must be contained in the Agreement approved by Commissioners Court and cannot be added at a later date.

SECTION 3 APPLICATION

- (a) **Timely application:** Any current or potential owner or lessee of taxable property in the County may request a tax abatement by filing a completed application with the CSD prior to any public expression of a siting decision or any commitment (legal or financial) to the proposed project.
- (b) **A complete application package** for consideration of a tax abatement shall consist of:
- a completed Harris County Application form;
 - a non-refundable check in the amount of \$1,000 payable to Harris County.
 - a completed narrative prepared in accordance with the template provided with the County Application and its instructions;
 - an “Investment Budget” detailing components and costs of the real property improvements and fixed-in-place improvements for which tax abatement is requested, including type, number, economic life, and eligibility for a tax exemption granted by the Texas Commission on Environmental Quality (“TCEQ”), if known;
 - a map and legal description of the property;
 - a time schedule for undertaking and completing the proposed improvements;
 - a ten-year environmental and worker safety compliance history for all facilities located within the State of Texas and owned in whole or in part by applicants, as defined in “Environmental and Worker Safety Qualification;”
 - a copy of the evaluation of competing locations;
 - information pertaining to the reasons that the requested tax abatement is necessary to ensure that the proposed project is built in the County (i.e., documentation supporting assertion that “but for” a tax abatement, the stated project could not be constructed in the County);
 - copies of the immediately preceding 4 quarterly reports filed with the TWC, documenting the current number of permanent full-time employees, and full-time Contractor employees, if any, at the time the application is submitted;
 - financial and other information, as the County deems appropriate for evaluating the financial capacity and other factors of the applicant;
 - certification prepared by County Tax Assessor-Collector stating that all tax accounts within the County are paid on a current basis;
 - *for a leased facility*, the applicant shall provide with the application the name and address of the lessor and a draft copy of the proposed lease, or option

contract. In the event a lease or option contract has already been executed with owner of site, the document must include a provision whereby abatement applicant may terminate such contract without penalty or loss of earnest money, in the event that the County does not grant a tax abatement.

- (c) Upon receipt of a completed application, CSD shall determine whether a project qualifies for a tax abatement under these guidelines and criteria. If CSD determines that it qualifies, then the department shall schedule a public hearing, request creation of a reinvestment zone, and request approval of a tax abatement agreement, in accordance with the Tax Code.
- (d) The County shall not establish a reinvestment zone or enter into a tax abatement agreement if it finds that an application was received after a project commenced construction or installation of improvements. Property eligible for abatement includes only new improvements commencing after approval of an agreement with the County.

SECTION 4 PUBLIC HEARING & APPROVAL

- (a) The Commissioners Court may not adopt a resolution designating a reinvestment zone for the purposes of considering approval of a tax abatement Agreement until it has held a public hearing at which interested persons are entitled to speak and present evidence for or against the designation. Notice of the hearing shall be clearly identified on the Commissioners Court agenda at least 13 days prior to the public hearing.
- (b) At the public hearing, interested persons shall be entitled to speak and present written materials for or against the approval of the proposed project or Agreement.
- (c) Any variance to these guidelines must be approved by a vote of at least three-fourths (3/4) of the Commissioners Court.
- (d) In order to enter into a tax abatement agreement, Commissioners Court must find that the terms of the proposed agreement conform to these Guidelines and Criteria and that:
 - 1. there will be no substantial adverse effect on the provision of the jurisdictions' service or tax base; and
 - 2. the planned use of the property will not constitute a hazard to public safety, health or morals.

SECTION 5 AGREEMENT

After approval the County shall formally pass a resolution and execute an Agreement with the owner of the facility (or lessee, where applicable) as required which shall include:

- (a) estimated value to be abated;
- (b) percent of value to be abated each year as provided in "Abatement Authorized";
- (c) the commencement date and the termination date of abatement;
- (d) the proposed use of the facility; nature of construction, time schedule, survey, property description and improvement list;
