Re: App 1131-Bovina ISD – Scandia Wind, L.L.C.
Amendment No. 02

Dear Desiree:

Attached please find amended pages for the Chapter 313 Application submitted by Scandia Wind, LLC to Bovina ISD (the "Application"), which includes a revised job waiver letter and a signature page for this Amendment No. 02. This Amendment, dated June 27, 2016 and numbered 02, is the second amendment to the Application.

Please let me know if you require any additional information.

Sincerely,

A handwritten signature in blue ink that reads "Fred A. Stormer".

Denise Anderson, Superintendent
Bovina Independent School District
400 Halsell Street
Bovina, Texas 79009

Re: Chapter 313 Request for Waiver of Job Creation Requirement for Scandia Wind, LLC.

Dear Superintendent Anderson,

Please accept this letter as a formal request that the Bovina Independent School District's Board of Trustees waive the job requirement provision as allowed by Section 313.025 (f-1) of the Texas Property Tax Code. This waiver would be based on the board finding that the jobs creation requirement exceeds the industry standard for the number of employees reasonably necessary to operate the proposed facility described in the property owner's application.

Scandia Wind LLC respectfully requests that Bovina Independent School District makes such a finding and grants a waiver of the current job creation requirement of 10 permanent, full-time jobs. In accordance with industry standards for job requirements (one full-time employee per an estimated 15 to 20 turbines), Scandia Wind LLC has committed to create five (5) total qualifying jobs for the project, all of which will be located within Bovina ISD. In addition to on-site qualified technicians, off-site personnel may also be utilized to support the project.

While wind projects create a substantial number of full and part-time positions during the construction phase, the number of qualified technicians tasked with maintaining and operating the project during commercial operations tends to be low. The permanent employees of a wind project maintain and service wind turbines, underground electrical connections, substations and other related infrastructure associated with the safe and reliable operation of the project.

The waiver request herein is comparable to the industry standard for maintenance and operations employment and is affirmed by similar wind project value limitation applications. This number may vary depending on the maintenance and operations requirements of the turbines selected as well as the support and technical assistance offered by the turbine manufacturer.

SINCERELY,

James R. Swafford
Chief Executive Officer
Scandia Wind LLC

Application for Appraised Value Limitation on Qualified Property

SECTION 16: Authorized Signatures and Applicant Certification

After the application and schedules are complete, an authorized representative from the school district and the business should review the application documents and complete this authorization page. Attach the completed authorization page in Tab 17. NOTE: If you amend your application, you will need to obtain new signatures and resubmit this page, Section 16, with the amendment request.

1. Authorized School District Representative Signature

I am the authorized representative for the school district to which this application is being submitted. I understand that this application is a government record as defined in Chapter 37 of the Texas Penal Code.
