The Health and Human Services Commission (HHSC) is committed to the utilization of Historically Underutilized Businesses (HUBs) and minority/woman-owned firms by contracting both directly and indirectly through subcontracting opportunities. Our good faith efforts to maximize HUB participation for the period of September 1, 2013 to August 31, 2014 include the following:

- continued to advance the concept and spirit of the "memorandums of cooperation" with the Texas Association of African American Chambers of Commerce (TAAACC) and the Texas Association of Mexican American Chambers of Commerce (TAMACC) to maximize HHSC's good faith efforts;
- conducted post award meetings with contractors after execution of contracts over \$100,000 to discuss HUB subcontracting plan/reporting requirements;
- conducted HUB subcontracting plan (HSP) training to current and potential contractors, agency contract managers, purchasing personnel, the HUB vendor community, and other interested parties;
- administered Comptroller of Public Accounts (CPA) HUB rules;
- participated in HUB Discussion Workgroup (HDW) meetings to gain knowledge of HUB rules, and provide feedback on related requirements;
- encouraged and assisted qualified minority and woman-owned businesses to become HUB certified;
- hosted Mentor-Protégé workshops for prospective participants on November 12, 2013 and August 22, 2014;
- collectively managed 61 HHS sponsored mentor-protégé relationships and continued with efforts to identify and establish additional formalized relationships as required by 34 TAC 20.28;
- provided training to HUB vendors in regards to accessing agency expenditures by Comptroller object code, which enables them to target the agencies that purchase their products in large volumes;
- determined subcontracting opportunities for inclusion of HUB subcontracting plans in contracts over \$100,000 when applicable, and evaluated HUB subcontracting plans for compliance as required by 34 TAC 20.14;
- participated in 16 economic opportunity forums (EOFs) and related HUB outreach events statewide;
- participated in seven Internal HUB forums providing 11 HUBs the opportunity to give business presentations to agency management, purchasing, and HUB staff as required by 34 TAC 20.27;
- notified HUBs not registered on the Centralized Masters Bidders List about HHS bid opportunities;
- conducted agency-wide contracting processes and procedures training for HHSC staff that included the HUB program and subcontracting requirements; and,
- provided internal HUB expenditure reports and program briefings to executive management.
