

# METHODS AND ASSISTANCE PROGRAM 2011 REPORT

## Childress County Appraisal District

Susan Combs Texas Comptroller of Public Accounts

January 23, 2012

Chief Appraiser  
County Appraisal District Board of Directors  
Superintendents  
School District Boards of Trustees

Ladies and Gentlemen:

In 2009, the Texas Legislature enacted a new law that amended Tax Code Section 5.102. It requires the Comptroller of Public Accounts to review appraisal districts every two years. Called the Methods and Assistance Program (MAP), the reviews study the governance, taxpayer assistance, operating procedures and the appraisal standards, procedures and methodology of each appraisal district. The Property Tax Assistance Division (PTAD) performed the reviews for 125 appraisal districts in 2011.

Your appraisal district's MAP report is enclosed and includes: an assessment of how well your appraisal district performs; recommendations that will allow your appraisal district to comply with laws, rules, regulations, appraisal practices or operating best practices; results of surveys concerning the board of directors, the appraisal review board and information technology; taxpayer comment card feedback, if received; and board chairman comments. In certain cases, taxpayer and chief appraiser comments are also provided.

The recommendations must be implemented within one year from the release of this report per Tax Code Section 5.102. The MAP review team will return to the appraisal district in December 2012 to document the implementation. Recommendations that are not complete, or not substantially complete, by that time will result in notification to the Texas Department of Licensing and Regulation (TDLR). The appraisal district will have another year to complete the outstanding recommendations. Recommendations still incomplete after one year could result in sanctions against the chief appraiser and/or appraisal district staff who are licensed through TDLR. Your appraisal district should make every effort to complete all recommendations in a timely manner.

The Comptroller's office is committed to supporting the MAP review process and helping appraisal districts come into compliance with existing laws, rules and regulations. PTAD will work with appraisal districts to improve their operations and to comply with each recommendation. We want to thank the chief appraiser, board chairman and the staff of the appraisal district for their help in making this new program a success.

# Childress County Appraisal District

This review is designed to determine whether appraisal districts are meeting minimum requirements for performing statutory and appraisal duties. This review is conducted in accordance with Tax Code Section 5.102(a), effective Jan. 1, 2010, and related Comptroller rule 9.301. The Comptroller is required by statute to review appraisal districts for governance; taxpayer assistance; operating procedures; and appraisal standards and methodology.

Details concerning the actual activities performed by the CAD can be found in the remainder of the report. Because of the diversity of land within Texas, some parts of the MAP may not be applicable to a county. If questions or a section of questions do not apply, such as when a county has no timber, the question or questions will be marked as "Not Applicable" or "NA" and the final score will not be negatively impacted by these questions.

Mandatory Requirements	PASS/FAIL
1. Does the appraisal district have up-to-date appraisal maps from which property may be located pursuant to Comptroller Rule 9.3002?	PASS
2. Do property inspections match appraisal district records?	PASS
3. Does the appraisal district have written procedures for appraisal?	PASS
4. Are values reproducible using the written procedures and appraisal records?	PASS
5. Were all appraisal district documents requested by PTAD made available to the reviewer by the required date?	PASS

# Childress CAD Review Questions and Answers

This review is conducted in accordance with Tax Code Section 5.102(a), effective Jan. 1, 2010, and related Comptroller rule 9.301. The Comptroller is required to review appraisal districts:

- governance;
- taxpayer assistance;
- operating procedures; and
- appraisal standards, procedures and methodology.

As part of the MAP review process, the CAD is required to submit, in advance of the review, electronic copies of procedures, policies, notices, manuals and related materials necessary for the completion of this review. Electronic copies may be submitted on DVDs, CDs or via the Property Tax Assistance Division's FTP Web site. Comptroller reviewers also collect related information at the time of the on-site review, compare appraisal district records to existing property and locate property using district maps. Each CAD is reviewed every other year. This report details the results of the review for the appraisal district named above.

Note: All bolded questions represent practices that exceed minimum requirements and will be scored as extra points in the total point scoring system.

## GOVERNANCE

Appraisal district governance is evaluated in five subsections concerning CAD board of director's responsibilities: appointment of the chief appraiser; appointment of the appraisal review board; approval of the appraisal district budget; appointment of the taxpayer liaison and the agricultural appraisal advisory board; and oversight of contracts and appraisal district operations. The CAD board of directors is responsible for setting policy and hiring the chief appraiser. The chief appraiser establishes a preliminary budget and the CAD board approves the budget and maintains a review of the budget and its expenditure over the course of each fiscal year. The CAD board of directors appoints the appraisal review board to hear property disputes. The CAD board of directors appoints the taxpayer liaison and provides advice and consent to the appointment of the agricultural appraisal advisory board. The CAD board of directors also maintains oversight of contracts and operations.

This section contains nine questions that are not specifically required by law. They are considered "best practices" for appraisal districts, and are, in fact, used in many districts.

The specific questions are the first five questions under "Appointment of Chief Appraiser" and the first four questions under "Appointment of the Appraisal Review Board." If this report reflects "no" answers to these questions, it includes recommendations for implementing these "best practices."

In this final Methods and Assistance Program (MAP) report, the answers and recommendations concerning these nine questions have not been included in the calculation of the score. Your MAP score may be higher than the preliminary draft score, even though the report still contains the same recommendations. Appraisal districts are encouraged to comply with the recommendations associated with these nine questions.

## APPRAISAL STANDARDS, PROCEDURES AND METHODOLOGY

The following section assesses the appraisal activities and practices of an appraisal district and the standards and methodologies used by the appraisal district to guide its work. Appraisal districts are required to maintain files on all property, locate property, assess its value according to requirements set forth in the Tax Code and according to generally accepted appraisal practices and standards, and to use the most effective method for determining the value of each specific property. It must also assess how well the appraisal district staff are performing their appraisal duties and how well the appraised value of property matches the value of local markets. Unless an appraisal district lacks a specific type of property, such as timber or oil and gas, it is responsible for performing all the duties as outlined in the questions below.

# Board of Directors Chair Interview Results

### Meeting Notes for Board Chair Interview

Date of Interview: March 4, 2011

CAD Name: Childress CAD

Board Chair Name: Jason Horton

Interviewer Name: Alice Peddy

Names of Others Present During Interview:  
none

#### Items of Concern Noted by Board Chair:

Mr. Horton asked how can the BOD know that the policies and procedures being adopted are in compliance with the State requirements? The reviewer recommended the board contact the district's attorney for clarification of any questions. He stated frustration of not being able to discuss values with the chief appraiser especially when the district is in litigation is the most difficult part of the chairman's job.

#### Questions Asked by Board Chair:

If the appraisal work is contracted out does the chief appraiser still have to go through the certification process? The reviewer affirmed that every chief appraiser was required to acquire the certification, no exceptions.

#### Resources, Information, Training or Help Needed from Comptroller's Office as Stated by Board Chair:

Mr. Horton stated he was not familiar enough with all the resources available to the district to comment.

#### General Notes and Any Other Items of Interest that Should be Noted:

Mr. Horton expressed his opinion that the board meetings were very productive. He stated the members of the board were highly educated and very professional and there were no obstacles to prevent them from performing the duties as required by statute. He confirmed the communications between the board and chief appraiser was good. He believes any new technology through the Comptroller's office would always be considered but no suggestions were made. He stated there have been no problems appointing an ARB and the option of consolidation with other districts have advantages as well as disadvantages. The consolidation would create a larger pool of eligible members but that does not mean the quality of representation would improve. He thinks the ARB board should be comprised of local members which would better serve the local taxpayers. He affirmed that complaints filed with the board of directors were a non-issue since none had been filed.

## Appendix 5 Taxpayer Comment Card Results

As part of the MAP process, appraisal districts receiving a review were provided with comment cards to be used by appraisal district customers to report on the service provided to them. The Comptroller requested the cards be placed where property owners could access them easily. The pre-addressed, pre-paid comment cards could be filled out and dropped in the mail by customers without appraisal district assistance. The results of the comment cards received for this appraisal district are as follows.

Each appraisal district was rated on four categories and extra space was included for spontaneous comments. Comments that were included are also included here. The opinions expressed by the respondents reflect the respondent’s perceptions of the service they received.

#### Comments

Great.

I can't say enough about the help I received from Freda Dodson and Kelsey Terrell. Good people who know their job.

Extremely helpful and pleasant staff. Very knowledgeable and fast.

I have protested values every year for 12 years. They have always been fair. Everyone here is a friend.

Great.

The girls in the office are very knowledgeable + helpful, very friendly. The chief appraiser has never been there when I have asked for her. Evidently she does not have the same hours as the other employees. She is not very friendly when I have dealt with her (Terry Holley)

Comments (continued)

The boss that comes from the back is unprofessional. She hollars at the girls from the back office, then just comes up front butting in on her helping me, a tax payer. I make payments very frequently and she is never there.

I am happy with my service.
