

METHODS AND ASSISTANCE PROGRAM 2011 REPORT

Collin Central Appraisal District

Susan Combs Texas Comptroller of Public Accounts

January 23, 2012

Chief Appraiser
County Appraisal District Board of Directors
Superintendents
School District Boards of Trustees

Ladies and Gentlemen:

In 2009, the Texas Legislature enacted a new law that amended Tax Code Section 5.102. It requires the Comptroller of Public Accounts to review appraisal districts every two years. Called the Methods and Assistance Program (MAP), the reviews study the governance, taxpayer assistance, operating procedures and the appraisal standards, procedures and methodology of each appraisal district. The Property Tax Assistance Division (PTAD) performed the reviews for 125 appraisal districts in 2011.

Your appraisal district's MAP report is enclosed and includes: an assessment of how well your appraisal district performs; recommendations that will allow your appraisal district to comply with laws, rules, regulations, appraisal practices or operating best practices; results of surveys concerning the board of directors, the appraisal review board and information technology; taxpayer comment card feedback, if received; and board chairman comments. In certain cases, taxpayer and chief appraiser comments are also provided.

The recommendations must be implemented within one year from the release of this report per Tax Code Section 5.102. The MAP review team will return to the appraisal district in December 2012 to document the implementation. Recommendations that are not complete, or not substantially complete, by that time will result in notification to the Texas Department of Licensing and Regulation (TDLR). The appraisal district will have another year to complete the outstanding recommendations. Recommendations still incomplete after one year could result in sanctions against the chief appraiser and/or appraisal district staff who are licensed through TDLR. Your appraisal district should make every effort to complete all recommendations in a timely manner.

The Comptroller's office is committed to supporting the MAP review process and helping appraisal districts come into compliance with existing laws, rules and regulations. PTAD will work with appraisal districts to improve their operations and to comply with each recommendation. We want to thank the chief appraiser, board chairman and the staff of the appraisal district for their help in making this new program a success.

If you have questions about your review, please feel free to contact Steve Atkinson, Methods and Assistance Program supervisor, at 1-888-207-3668 or steve.atkinson@cpa.state.tx.us.

Sincerely,

Susan Combs

Collin Central Appraisal District

This review is designed to determine whether appraisal districts are meeting minimum requirements for performing statutory and appraisal duties. This review is conducted in accordance with Tax Code Section 5.102(a), effective Jan. 1, 2010, and related Comptroller rule 9.301. The Comptroller is required by statute to review appraisal districts for governance; taxpayer assistance; operating procedures; and appraisal standards and methodology.

Details concerning the actual activities performed by the CAD can be found in the remainder of the report. Because of the diversity of land within Texas, some parts of the MAP may not be applicable to a county. If questions or a section of questions do not apply, such as when a county has no timber, the question or questions will be marked as "Not Applicable" or "NA" and the final score will not be negatively impacted by these questions.

Mandatory Requirements	PASS/FAIL
1. Does the appraisal district have up-to-date appraisal maps from which property may be located pursuant to Comptroller Rule 9.3002?	PASS
2. Do property inspections match appraisal district records?	PASS
3. Does the appraisal district have written procedures for appraisal?	PASS
4. Are values reproducible using the written procedures and appraisal records?	PASS
5. Were all appraisal district documents requested by PTAD made available to the reviewer by the required date?	PASS

Review Questions and Answers

This review is conducted in accordance with Tax Code Section 5.102(a), effective Jan. 1, 2010, and related Comptroller rule 9.301. The Comptroller is required to review appraisal districts:

- governance;
- taxpayer assistance;
- operating procedures; and
- appraisal standards, procedures and methodology.

As part of the MAP review process, the CAD is required to submit, in advance of the review, electronic copies of procedures, policies, notices, manuals and related materials necessary for the completion of this review. Electronic copies may be submitted on DVDs, CDs or via the Property Tax Assistance Division's FTP Web site. Comptroller reviewers also collect related information at the time of the on-site review, compare appraisal district records to existing property and locate property using district maps. Each CAD is reviewed every other year. This report details the results of the review for the appraisal district named above.

Note: All bolded questions represent practices that exceed minimum requirements and will be scored as extra points in the total point scoring system.

GOVERNANCE

Appraisal district governance is evaluated in five subsections concerning CAD board of director's responsibilities: appointment of the chief appraiser; appointment of the appraisal review board; approval of the appraisal district budget; appointment of the taxpayer liaison and the agricultural appraisal advisory board; and oversight of contracts and appraisal district operations. The CAD board of directors is responsible for setting policy and hiring the chief appraiser. The chief appraiser establishes a preliminary budget and the CAD board approves the budget and maintains a review of the budget and its expenditure over the course of each fiscal year. The CAD board of directors appoints the appraisal review board to hear property disputes. The CAD board of directors appoints the taxpayer liaison and provides advice and consent to the appointment of the agricultural appraisal advisory board. The CAD board of directors also maintains oversight of contracts and operations.

This section contains nine questions that are not specifically required by law. They are considered "best practices" for appraisal districts, and are, in fact, used in many districts.

The specific questions are the first five questions under "Appointment of Chief Appraiser" and the first four questions under "Appointment of the Appraisal Review Board." If this report reflects "no" answers to these questions, it includes recommendations for implementing these "best practices."

In this final Methods and Assistance Program (MAP) report, the answers and recommendations concerning these nine questions have not been included in the calculation of the score. Your MAP score may be higher than the preliminary draft score, even though the report still contains the same recommendations. Appraisal districts are encouraged to comply with the recommendations associated with these nine questions.

Board of Directors Chair Interview Results

Meeting Notes for Board Chair Interview

Date of Interview: Mar. 7, 2011

CAD Name: Collin CAD

Board Chair Name: Mr. L. Wayne Mayo

Interviewer Name: Lynn Hatter

Names of Others Present During Interview:
None

Items of Concern Noted by Board Chair:

Mr. Mayo stated that the appraisal district has difficulty finding enough individuals willing to serve on the appraisal review board. Although difficult, the board of directors is fortunate to have nearly eight complete appraisal review board panels. He believes the time requirements are the most prohibitive factor. He said the board takes each candidate's professional experience and credentials into consideration, but the panels are usually limited in the number of individuals with real estate experience that are willing to serve. Other areas of concern to the board of director's chair are the current market conditions and school funding.

Questions Asked by Board Chair:

None

Resources, Information, Training or Help Needed from Comptroller's Office as Stated by Board Chair:

Mr. Mayo believes the Comptroller's Office does well in providing resources and training to the board and to the district. He thinks the Comptroller's Office could do better in informing the board of directors when changes occur in policies and laws and how they affect the districts. He suggested a publication similar to the Uniform Standards of Professional Appraisal Practice (USPAP) Question and Answer discussions to explain the new requirements and ramifications.

General Notes and Any Other Items of Interest that Should be Noted:

The board chair believes he has sufficient resources to perform his duties. He said the district staff is very qualified and knowledgeable. The board determines the district policies and the district staff administers them. He feels the most important function of the board is keeping the entities informed. The district will be presenting a one-day seminar for the entities covering the operation of the district and on the current market. The board meets monthly and the meetings are typically very productive and he knows of no ways the meetings could be more productive. Members of the public rarely attend the meetings. Mr. Mayo said the district is very good at keeping the policies and procedures in writing and regularly updated. Mr. Mayo said the line of communication between the board and the chief appraiser is excellent. The chief appraiser keeps the board well informed. The board rarely receives property owner complaints. He said that if appraisal

–related services or computer technology resources were offered through a local or statewide cooperative and the district could receive better service at a better cost the board would be willing to consider participating in such a program. He said the board is very satisfied with their current services. He is unsure how the current system of property tax administration could be improved. He would like more options for district employee benefits such as insurance and retirement. Mr. Mayo would appreciate the state helping the districts get better benefits. The chairman is very proud of the district and staff and feels they could serve as a model for other appraisal districts in the state.

Appendix 5 Taxpayer Comment Card Results

As part of the MAP process, appraisal districts receiving a review were provided with comment cards to be used by appraisal district customers to report on the service provided to them. The Comptroller requested the cards be placed where property owners could access them easily. The pre-addressed, pre-paid comment cards could be filled out and dropped in the mail by customers without appraisal district assistance. The results of the comment cards received for this appraisal district are as follows.

Each appraisal district was rated on four categories and extra space was included for spontaneous comments. Comments that were included are also included here. The opinions expressed by the respondents reflect the respondent’s perceptions of the service they received.
